It's a rollicking, high-flying adventure, and one you do not want to miss!

*Science and Football II* Crown Publishing Group (NY)

Most anyone interested in such topics as creation mythology, Jungian theory, or the idea of "secret teachings" in ancient Judaism and Christianity has found "gnosticism" compelling. Yet the term "gnosticism," which often connotes a single rebellious movement against the prevailing religions of late antiquity, gives the false impression of a monolithic religious phenomenon. Here Michael Williams challenges the validity of the widely invoked category of ancient "gnosticism" and the ways it has been described. Presenting such famous writings and movements as the Apocryphon of John and Valentinian Christianity, Williams uncovers the similarities and differences among some major traditions widely categorized as gnostic. He provides an eloquent, systematic argument for a more accurate way to discuss these interpretive approaches. The modern construct "gnosticism" is not justified by any ancient self-definition, and many of the most

commonly cited religious features that supposedly define gnosticism phenomenologically turn out to be questionable. Exploring the sample sets of "gnostic" teachings, Williams refutes generalizations concerning asceticism and libertinism, attitudes toward the body and the created world, and alleged features of protest, parasitism, and elitism. He sketches a fresh model for understanding ancient innovations on more "mainstream" Judaism and Christianity, a model that is informed by modern research on dynamics in new religious movements and is freed from the false stereotypes from which the category "gnosticism" has been constructed.

*Wild Urban Woodlands* Oxford University Press

The domestic theme has a tremendous anthropological, literary and cultural significance. The purpose of this book is to analyse and interpret the most important realisations and tendencies of this thematic complex in the history of Russian literature. It is the first systematic book-length exploration of the meaning and development of the House theme in Russian literature of the past 200 years. It studies the ideological, psychological and moral

meanings which Russian cultural and literary tradition have invested in the house or projected on it in literary texts. Central to this study's approach is the concept of the House Myth, consisting of a set of basic fabular elements and a set of general types of House images. This House Myth provides the general point of reference from which the literary works were analyzed and compared. With the help of this analytical procedure characteristics of individual authors could be described as well as recurrent patterns and features discerned in the way Russian literature dealt with the House and its thematics, thus reflecting characteristics of Russian literary world pictures, Russian mentalities and Russian attitudes towards life. This book is of interest for students of Russian literature as well as for those interested in the House as a cultural and literary topic, in the semiotics of literature, and in relations between culture, anthropology and literature.

*Two Cultures of Policing* Taylor & Francis

'Into its 120 pages, Möring folds a war memoir, a family psychodrama and a meditation on time and memory. It is a miracle of compression: everything is significant...one races through it, eager to discover the heart of the mystery.' Guardian

**A Mythopoetic Exploration** Springer Science & Business Media

Kenneth Josephson is one of the foremost conceptual photographers in America. Since the early 1960s, when institutions such as MoMA privileged photography in the documentary mode, Josephson has championed the photograph as an object "made," not taken, by an artist pursuing an idea. Using innovative techniques such as placing images within

images and including his own body in photographs, Josephson has created an outstanding body of work that is startlingly contemporary and full of ideas that stimulate the digital generation—ideas about the nature of seeing, of "reality," and of human aspirations, and about what it means to be a human observing the world. *The Light of Coincidence* is the definitive, career-spanning retrospective of Kenneth Josephson's work and one of the few volumes ever published on this major artist. Josephson has worked in series over long periods of time, and this book beautifully reproduces representative selections from every series, including Josephson's best-known Images within Images. Lynne Warren places Josephson's art in historical context, from his early studies with Aaron Siskind and Harry Callahan at the Institute of Design and with Minor White at the Rochester Institute of Technology, to his mature work, which shares affinities with that of conceptual artists such as Cindy Sherman and Ed Ruscha, to his shaping influence on generations of students at the School of the Art Institute of Chicago, where he taught for over thirty-five years. Preeminent photo historian Gerry Badger's foreword confirms Josephson's stature as an artist who has explored "in a thoroughly creative and complex, yet accessible, way, the perhaps narrow but infinitely deep gap between actuality and image."

*Street Cops and Management Cops* Edward Elgar Publishing

The emergence and functioning of two competing and sometimes conflicting cultures within police departments demonstrates how competition between street cops and "bosses" is at the heart of the organizational dilemma of modern urban policing. Unlike

other works in this field that focus on the monolithic culture or familial quality of policing, this study demonstrates that which might look cohesive from the point of view of outsiders has its own internal dynamics and conflicts. The book shows that police departments are not immune to the conflict inherent in any large-scale bureaucracy, when externally imposed management schemes for increasing efficiency and effectiveness are imposed on an existing social organization. Based upon two years of extensive field work, in which the author covered every major aspect of policing at the precinct level in the New York City police department from manning the complaint desk to riding in squad cars. Ianni shows how the organized structure of the police department is disintegrating. The new "Management Cop Culture" is bureaucratically juxtaposed to the precinct level "Street Cop Culture," and bosses' loyalties to the social and political networks of management cops rather than to the men on the street causes a sharp division with grave consequences for the departments. The study concentrates on a series of dramatic events, such as the suicide of a police officer charged with corruption, a major riot, and the trial of an officer accused of killing a prisoner while in police custody. Ianni traces how these events affected relationships among fellow officers and between officers and "bosses."

*Politics, Governance and Policy* Springer

A Waterstones Paperback of the Year! What happens when you feel stressed? Maybe you start sweating, or your heart beats faster. When Charlie McGuffin gets stressed, something a little bit different happens: he turns into an animal! Unfortunately, things

are getting quite stressful for Charlie: - His dad's business is in real trouble - He might have to move in with his Aunt Brenda and her seventeen cats (and wooden leg) - And it's getting harder and harder to control his powers Luckily, Charlie's best friends Flora, Wogan and Mohsen are on hand to help. If they can break into the fortress-like offices of Van Der Gruyne Industries and recover the McGuffins' stolen gold, maybe Charlie won't have to move away after all. Can Charlie's friends help him master his powers once and for all, or will he end up stuck as a pigeon forever? Praise for Charlie Changes into a Chicken: 'This is a really funny book!' [An International Bibliography, 1500-2000](#) Penguin UK

A critical evaluation of the role of field experimentation in population and community ecology.

[Unknown Destination](#) Princeton University Press

The Benedictine monk John Main was one of the most profoundly influential spiritual teachers of recent times. His belief that the desert tradition of meditative prayer practised by the earliest monastic communities had an immediate and contemporary relevance gave rise to the vision of a totally new kind of community, one made up of men and women scattered throughout the world yet united in their daily practice of Christian meditation. It was to be, literally, a monastery without walls.

*This Star Won't Go Out* Oxford University Press

While social psychology has made fundamental contributions to the understanding of basic principles that underlie social behavior, these principles themselves--including expectancies, goals, explanations, arousal, social influence, interdependence, social conflict, persuasion, and social standards--have never been directly reviewed in a comprehensive manner. Filling a significant gap in the literature, this authoritative reference and text illuminates the essential processes, mechanisms, and structures at different levels of analysis--biological, cognitive, motivational, interpersonal, and group/cultural--to provide access to the central principles that guide social psychological investigation. Formatted for easy reference and comparison, each chapter describes alternative conceptualizations of a particular principle and reviews research supporting (and failing to support) these different perspectives. Covering all the significant theories and research programs, the empirical literature is surveyed not for the traditional function of providing comprehensive reviews of content areas, but for its relevance to broad conceptual issues.

This enables readers to get a better idea of the "big picture" concerning various social psychological principles, facilitating their ability to keep track of conceptual trends and developments in social psychology. An essential tool for all social psychologists, as well as professionals in related fields, this authoritative handbook also serves as an invaluable text for advanced classes in social psychology.

### **Smart Technologies and the End(s) of Law** IDW Publishing

The star of The Incredible Dr. Pol shares his amusing, and often poignant, tales from his four decades as a vet in rural Michigan. Dr. Jan Pol is not your typical veterinarian. Born and raised the Netherlands on a dairy farm, he is the star of Nat Geo Wild's hit show The Incredible Dr. Pol and has been treating animals in rural Michigan since the 1970s. Dr. Pol's more than 20,000 patients have ranged from white mice to 2600-pound horses and everything in between. From the time he was twelve years old and helped deliver a litter of piglets on his family's farm to the incredible moments captured on his hit TV show, Dr. Pol has amassed a wealth of stories of what it's like caring for this menagerie of animals. He shares his own story of growing up surrounded by animals, training to be a vet in the Netherlands, and moving to Michigan to open his first practice in a pre fab house. He has established himself as an empathetic yet no-nonsense vet who isn't afraid to make the difficult decisions in order to do what's best for his patients—and their hard-working owners. A sick pet can bring heartache, but a sick cow or horse could threaten the very livelihood of a farmer whose modest profits are dependent on healthy livestock. Reminiscent of the

classic books of James Herriot, Never Turn Your Back on an Angus Cow is a charming, fascinating, and funny memoir that will delight animal lovers everywhere.

### The Magic of Witchcraft Hymns Ancient and Modern Ltd

Beschouwing over mythen als venster op de diepste psychische en existentiële lagen van de mens.

### Psychological, Social and Biological Approaches to Schizophrenia BRILL

Anna Maria van Schurman was in more than one aspect an unconventional woman in her own lifetime. As a gifted scholar in many foreign and ancient languages, as well as in philosophy and theology, she corresponded with other learned men and women all over Europe. She achieved international renown for her own defence of scholarly activity of women. Life and work of this Dutch femme savante of the 17th Century has thus far been studied by theologians, philosophers, literary scholars, historians, pedagogues and art historians, each concentrating on specific aspects of Van Schurman's biography or work. A rather fragmented image of this scholar was the result. This interdependent collection of essays describes the life and work of Anna Maria van Schurman from an interdisciplinary - or rather multidisciplinary - approach and will outline a more integrated yet at the same time subtly differentiated picture. Nine contributions - from the disciplines of philosophy, theology, Dutch language and literature, intellectual and art history, and women's studies - partly based on new source material, shed light on Van Schurman's ideas on erudition and femininity, ethics and philosophy, as well as on her religious beliefs, within the context

of the early modern intellectual community to which she belonged. Audience: This collection of essays will therefore command the interest not only of historians, but also of scholars and students in theology, philosophy, art history, and women's studies.

## REVIEW OF LEEF JE EIGEN MYTHE HARMKNOOP

- I really liked the book Silver For General Washington because it is really interesting book and it talk about how the American Army had to survive in the winter without food, clothes, money, and something to get warm.I recommend this book to you because it gets you hooked and you would not to let go of the book. This book teaches a lot of history and also teaches you about teamwork and how to survive in tough conditions. If you read this book, you can get good grades in history.It is also an interesting book because talks about war without getting involved in a war at all. Of course it is talking about the American

revolutionary war but it is telling everything that is going on at the camp. The book i s about a boy named Gilbert Emmett who was sent to Valley Forge because his dad went to help at the revolutionary war and there was not somebody at home to take good care of his sister and him. At Valley Forge Gilbert helped the Americans who did not have food, he gave some of his food to the Americans and in the end he found that General Washington needed money and he remembered that his dad had really expensive things buried in the house, then he decided to go to Philadelphia, where he used to live. When he had the money he gave the money to the General and that is why the book is called Silver For General Washington.This book should be read by everybody even if you are not an American.There are many values you can find along the author's words such as friendship, patriotism, generosity, equality. And America as a country was created on those values and it is wronderful to realize they are still part of the country and literature.

- This book is very helpful. It has lot of tips. Links to web sites. The book explains in detail the most important techniques to be a good screenwriter. In addition, it shows how to submit a script, how to present it and the most important, to whom present it.It is a great book for people interested in begining a screenwriter carrer.
