Keep in mind, reading reviews can help you make informed decisions regarding what to check out following and can reveal you to brand-new writers and categories you could not have actually taken into consideration before.

REVIEW OF FINANCE ACCOUNTING INTEC

- I bought this book because my son loves to sing Twinkle Twinkle before bed. I was a bit disappointed with how simple & short the book is but my son does pick it up from time to time... he enjoys the hand-drawn illustrations of the other kids & following along since he knows the words by heart.
- I reread Goodbye Columbus, which I had read in 1970! This was Philip Roth's first novel, starting off his long (and continuing to this day) career of quirky, bold, controversial novels. Goodbye Columbus was really a novella, and somewhat autobiographical (in time and place at least). It isn't a book for everyone, but I loved it! Neil Krugman, lower middle class Jewish young man, living in Newark with his old school aunt and uncle in the late 1950's meets Brenda Patimpkin, original Jewish American Princess (before the term was used, but clearly at a time when the newly wealthy Jews were leaving the Jewish "ghetto's" of NY and Newark and heading to Short Hills, Milburn and Livingston, NJ, where even today they live in material splendor. Brenda and her parents, brother and little sister Julie (quite a brat) live in Short Hills where with their surgically altered little noses, they are fed lovely meals by their housekeeper, Carlotta, and they play tennis and swim at their ritzy club which is where Brenda and Neil meet one day when she is home from Radcliffe for summer vacation. She asks him to hold her glasses. He does, and from there a romance builds. Neil spends many weeks at the Patimpkin home, staying there for a 2 week vacation and spending his nights sneaking across the hall into the waiting Brenda's arms. This was risqué in 1957. It happened, of course, but it wasn't talked about and people were far more furtive than

Brenda and Neil. He encourages her to be fitted for a diaphragm and she is horrified. And here is where, only people of a certain age would know the reference to Margaret Sanger, Neil advises Brenda to go to the Margaret Sanger offices in NYC. I only knew what it was because I remember my Grandmother telling me that when she was a young married woman no one but married women could get such birth control, but that Margaret Sanger had an institute where wealthy married women could go for birth control! Most people reading this novel would not know this. Funny the things a book can bring back to your memory 40+ years after a conversation with a beloved, long dead grandmother! Brenda heads to NYC but feels she must pretend to be married!!!! There is a delightful scene as she exits the Margaret Sanger office, a scene which played out in my head in Ali McGraw's voice as I remembered her so well from the movie based on the book, a movie I saw at age 15 while traveling with a theatre camp. (I would NOT want a 15 yr. old to see the movie, rated R, even now!) Roth's observations are keen. When he heads back to his home in Newark to see his aunt and uncle he wonders about the city, which had been so fine at one time. Jews with money left, the town was being filled with black people en masse, and he ponders whether, they too, will flee one day, but he concludes that no, he cannot imagine any other group filling it's streets. I found that so interesting as I look at Newark's demographics today. Roth, via Neil Klugman, is mocking the identity loss of ethnic Jews, fixing bent noses, living in over abundant splendor and looking down on the middle class, even the Jewish middle class. Even today we see people like this in their McMansions (doesn't matter their ethnicity or religion). These are the people who drive flashy cars and have to make known their wealth, even though no one is really impressed except themselves. The romance of Brenda and Neil has it's twists and roadblocks. In the end there is a controversy I have never forgotten, but won't ruin for you. Did she or did she NOT do the thing she did on purpose? People discussed this for years (in schools, among friends, and after the movie). It's SUCH a good question!!!! Roth was only 25 when he penned this brilliant first novel. His observations are so astute for one so young. His writing is spare (unlike mine!) and allows the reader to easily envision his story playing out before his eyes. My daughter has chosen to read Goodbye Columbus for an honors research paper (jr. year in h.s.) and I am concerned that it is too sexy for her. As a teenager, I loved it, but as a mother I am freaking out! I am glad I will be able to explain to her the way society was in the late 50's, just beginning to let go of repression and allowing the sexual revolution and the free love of the 60's to become the new way of life for so many. I will be able to explain the reference to Margaret Sanger. She has been to Short Hills, so she will have some reference in her mind as to where the Patimpkin's lived and played their beautiful-on-the-outside but dysfunctional lives. Philip Roth is one of the greats! He will be read for generations to come, like Fitzgerald and Hemingway. Perhaps he will be remembered for being one of the first to write about birth control in a novel. I am trying to get my hands on a copy of the dvd, but unless I am willing to pay \$80, there are none. Richard Benjamin and Ali McGraw were so perfectly cast! The music plays in my head, their youth and charm flash across the screen. Rereading the book was a delight!!!!
