REVIEW OF DIGITAL PHOTOGRAPHY FOR SENIORS IN EASY STEPS 2ND EDITION

- This book is not for those who are not secure in their religion or have a hard time dealing with facts. This book is incredible and even made me question myself and whether my faith was what I thought it was. I had to question whether I was still a Christian at the end of this book. However I still enjoyed reading this book, it

made me a spiritually stronger Christian, I don't believe this was the purpose of this book that is just how I feel. In closing i would recommend this book to anyone who wants to learn more about the ideas of other religions and cultures or where there own ideas come from.

- As a former collegiate soccer player, a current adult player trying to recapture her youth, and a person working in the sports industry, I have recommended this book to everyone trying to get

a grasp on the game. Yes, it's more than just a ball and a couple of goals.I highly recommend this book to anyone, any age, who wants to learn more about the game. It's especially good for the growing number of soccer parents. As for that other reviewer - I totally disagree with the assessment, with one exception. The author was completely accurate with the offsides description -- whoever drew one of the diagrams clearly missed out on the author's lesson. Other than that, the book was great.
