Memory, History, Forgetting: Amazon.co.uk: Ricoeur, Paul ... 6. Memory, History, Forgetting. All these threads in Ricoeur's philosophy come together in Ricoeur's last big book (Memory, History, Forgetting, 2004) pointing to the final revised lectures on recognition. This three part work first takes up the question of memory and recollection in response to questions about uses and abuses of memory in contemporary society. Paul Ricoeur (Stanford Encyclopedia of Philosophy) In his Preface, Ricoeur says that the book is composed of a phenomenology of memory, an epistemology of the historical sciences, and a hermeneutics of forgetting. At the end of these analyses, Ricoeur has an extraordinary discussion of pardon, or forgiving, which involves all three topics, memory, history, forgetting, in an unexpected paradox. REVIEW OF MEMORY HISTORY FORGETTING PAUL RICOEUR

- I'd like to see an update of the last decade, but this really does a great job of converting the first thirty years. Great oral history.
- The book is a compendium of segmented interviews conducted by the authors of the people responsible for developing, producing, directing, and acting in *Saturday Night Live*. Eddie Murphy is the only major SNL Not Ready for Prime Time player missing as an interviewee. Baby Boomers who have watched the show from its beginning may not learn anything startlingly new that they have not probably read in the gossip columns and tabloids these past 27 years, but the Gen X & Y SNL viewers of today may be amused by how the show was created and how it evolved. It is not surprising how many of the people interviewed for the book, including all of the major creative and artistic SNL participants, claim credit for much of the show's success, while pawning off failures and disasters on others. The book is strongly focused on the early years, concentrating on Lorne Michaels and the original seven cast members, then moves more quickly through the 1980s and 1990s. The authors provide little of their own commentary, preferring to let those interviewed tell the story from their perspective.
