### REVIEW OF CONFESSIONS OF A SUGAR BABY CHAPTERS

- Clearly written, but I found two things irritating: (1.) author brags about himself (2.) author discusses how we can escape not so much the end of the world, but, mind you, the end of the UNIVERSE in billions of years' time! Excuse me? Sounds to me like the ultimate in greed for life and the hubris of modern man. Like liberal scientific people, he may think of himself as more enlightened than the low-class masses who may believe in God.

However, apparently, he is not enlightened enough not to have this bottomless pit of a greed for human life, which is in the end true foolishness. Among some people in the modern world, there is little humility, little thought that after all, we are just another animal, so why should we have the capacity to understand everything

- This is a brilliant Novel with a brilliant plot and twist to the tale. It at first seems pretty simple with demons needing to sacrifice a

baby to bring about the end of mankind and only three old men can protect the child but as you read the plot gets deeper and twists and turns at breakneck speed. The action and sword fights it has to be said were not as well detailed as in some of his other books but still good enough for enjoyment purposes. The characters are all human and you do find yourself caring for the main heroes of Nougasta, Kebra and Bison (although I just could not like Antikas Karios). Overall this is a brilliant fantasy novel and should be read by all fans of the fantasy genre.
