In contemporary philosophy, substantive moral theories are typically classified as either consequentialist or deontological. Standard consequentialist theories insist, roughly, that agents must always act so as to produce the best available outcomes overall. Standard deontological theories, by contrast, maintain that there are some circumstances where one is permitted but not required to produce the best overall results, and still other circumstances in which one is positively forbidden to do so. Classical utilitarianism is the most familiar consequentialist view, but it is widely regarded as an inadequate account of morality. Although Professor Scheffler agrees with this assessment, he also believes that consequentialism seems initially plausible, and that there is a persistent air of paradox surrounding typical deontological views. In this book, therefore, he undertakes to reconsider the rejection of consequentialism. He argues that it is possible to provide a rationale for the view that agents need not always produce the best possible overall outcomes, and this motivates one departure from consequentialism; but he shows that it is surprisingly difficult to provide a satisfactory rationale for the view that there are times when agents must not produce the best possible overall outcomes. He goes on to argue for a hitherto neglected type of moral conception, according to which agents are always permitted, but not always required, to produce the best outcomes.

"Except for a brief period during the Rhineland battle, the First Canadian Army was the smallest to serve under Eisenhower's command. The Canadian component never totalled more than 185,000 of the four million Allied troops serving in Northwest Europe. It is evident, however, that the divisions of 2nd Canadian Corps played a role disproportionate to their numbers. Their contribution to operations designed to secure the channel ports and open the approaches to Antwerp together with the battles in the Rhineland place them among the most heavily committed and sorely tried divisions in the Allied armies. By the end of 1944 3rd Canadian Division had suffered the highest number of casualties in 21 Army Group with 2nd Canadian Division ranking a close second. In the armoured divisions, 4th Canadian was at the top of the list as was 2nd Canadian Armoured Brigade among the independent tank brigades. Overall Canadian casualties were 20 per cent higher than in comparable British formations. This was a direct result of the much greater number of days that Canadian units were involved in close combat."--Jacket.

From the late 1920s through World War II, film became a crucial tool in the state of Japan. Detailing the way Japanese directors, scriptwriters, company officials, and bureaucrats colluded to produce films that supported the war effort, *The Imperial Screen* is a highly-readable account of the realities of cultural life in wartime Japan. Widely hailed as "epoch-making" by the Japanese press, it presents the most comprehensive survey yet published of "national policy" films, relating their montage and dramatic structures to the cultural currents, government policies, and propaganda goals of the era. Peter B. High's treatment of the Japanese film world as a microcosm of the entire sphere of Japanese wartime culture demonstrates what happens when conscientious artists and intellectuals become enmeshed in a totalitarian regime.

Traditionally gnawa musicians in Morocco played for all-night ceremonies where communities gathered to invite spirits to heal mental, physical, and social ills untreatable by other means. Now gnawa music can be heard on the streets of Marrakech, at festivals in Essaouira, in Fez's cafes, in Casablanca's nightclubs, and in the bars of Rabat. As it moves further and further from its origins as ritual music and listeners seek new opportunities to hear performances, musicians are challenged to adapt to new tastes while competing for potential clients and performance engagements. Christopher Witulski explores how gnawa musicians straddle popular and ritual boundaries to assert, negotiate, and perform their authenticity in this rich ethnography of Moroccan music. Witulski introduces readers to gnawa performers, their friends, the places where they play, and the people they play for. He emphasizes the specific strategies performers use to define themselves and their multiple identities as Muslims, Moroccans, and traditional musicians. The Gnawa Lions reveals a shifting terrain of music, ritual, and belief that follows the negotiation of musical authenticity, popular demand, and economic opportunity.

### REVIEW OF SUSPENSION REHAUSSE ET ACCESSOIRES JEEP WRANGLER YJ

- Don't panic the reading flows easily after the first couple of pages. It is, afterall, written during a different period. Even after knowing the story and seeing all the movie versions, I still wanted to read the original...no movie will make you cry more than the Book. At the end you will not want to say goodbye to these sisters. I can understand why young girls read it many times over.

- I really liked this book and the characters really stuck with me. This is a great book to share with young or teenage girls.
