Bear in mind, checking out evaluations can help you make notified decisions concerning what to read following and can reveal you to brand-new writers and styles you could not have actually considered

in the past.

## **REVIEW OF CONVERSATIONALLY SPEAKING TESTED NEW WAYS TO INCREASE YOUR PERSONAL AND SOCIAL EFFECTIVENESS ALAN GARNER**

- I enjoyed The Dark Glory War, the prequel to this trilogy, a fair amount. That being said, the story took a steady downhill slide from there. It is pure fanboy fantasy, and at it's very worse. These heroes have all the personality of mud. The men are all "humble" and act completely shocked to find themselves in the roles of heroes. And the women are downright offensive. These strong, proud, independent women, who turn into docile, eager to please slaves when their men look at them. They fall in love with the male protagonists, even though they hardly know them, and the males have few qualities worth falling in love with as it is. The "heroes" of the books are always going on in the vein of "We're heroes, because..." as though they're trying to reassure the reader that they really are heroic. Unfortunately, their actions are only heroic through use of something known as Deus Ex

Machina. Absolutely nothing they attempt ever fails. With the exception of Fortress Draconis and one small scene in When Dragons Rage, no one ever dies because the heroes made bad choices. In fact, no one ever dies. At least, no one important, and the important ones never stay dead. Oh, a building collapsed on your head? Well, you're still alive! Severely poisoned? Well, not only do you come back to life, but we've conveniently burned off those extra three hundred pounds that make you less attractive to the women! The "love scenes" make you wonder if Mr. Stackpole has even seen a woman. Even romance novelists no longer use the old "their tongues entwined" crap. It was one of these disgustingly gratuitous scenes that made me shut the third book without even finishing it. The whole trilogy reads as the ultimate fantasy of a guy who could never get a girlfriend. And now he's suddenly the hero, with a hot blonde warrior woman who turns into a vapid nothing when he's around. Go read Lynn Flewelling, Carol Berg, or Mercedes Lackey. THEIR characters won't spend the whole book insisting that they're heroes.

- I bought quite a few of the books from the series on Amazon. I got a great deal and fast delivery. The books themselves are decent...same stuff, different title, different character names.
