## REVIEW OF GASTON SONG LYRICS

- Book is a little interesting. It is sometimes confusing to read. Uses words that no longer used in 2011 so sometimes you will have no clue what you are reading. The parts that are understandable are interesting. I gave it 3 stars because the author doesn't have much facts to back up what he is writing. He interviews people who tell him 3 different stories about things that happened in new orleans and then tells the readers that he doesn't know which person is telling the truth but says any one of the stories could be truth. The book has you wondering what is the real story behind the matter they are talking about. Not enough facts. It was more of a he say she say book and figure out who might be telling the truth.

- Just not my type of book. Very boring but I got through it. Hard to stick with it until the end.
