## **REVIEW OF PARTNERSHIP LIQUIDATION AND INCORPORATIO N JOINT VENTURES CHAPTER**

- I have seen mixed reviews of ACoS and PoD both. While most readers agree that the first 6 books are excellent, there are naysayers to the next 2 volumes that Jordan has produced. A Crown of Swords and a Path of Daggers are both books which Jordan has used as a transitioning phase from which the Two Rivers Crew (TRC) will be thrown into a

larger game of global domination and destruction, as opposed to the localized feel of the previous books. Both books are not meant to further develop the personalities of the characters in a major relevant manner, as all the characters have come to the peak of their power and prestige, and now must face down the evils that come with the release of the DO. Although I did miss Mat in PoD, as he is my fave char, it was necessary for Mat to be left for another days writing as events on the mainland must come to a head to not only invite the coming of the Seanchan, but also the impending release of the Dark One (Four more books I say). Besides, when

the Seanchan come and Mat is leading the army, Rand and company are gonna wish he was outta the rest of the series too. While there is not the same development of character as seen in earlier books such as TFoH or TSR, both ACoS and PoD have adequate development of character, such as Mat's change from reluctant general to brash battle leader and dependable (GASP) friend in ACoS, Perrin's continuing development as a husband to Faile and the continuing humanization of Lan (\*Sniff\* I miss the cold blooded killing machine). The cliffhangers are necessary to setup Book 9, which will be a turning point in Randland, and all the

dreams and viewings true fans have argued and speculated over will be shown in the next two books if things continue to develop at the pace Jordan is writing. All in all, a great continuing read and a must have.

- St. Augustine of Hippo is one of the most enlightened men to ever live, but be forewarned: the City of God--while doubtlessly a magnum opus that stands among the giants in the history of philosophy--equals the Bible in length and matches Descartes in density. Unless you are already deeply knowledgeable in Christian theology and Platonist philosophy, I would recommend that you take a college course on Augustine rather than trying to tackle this on your free
