REVIEW OF AZALEE E RODODENDRI

- This book goes into details to cover MCS D exam #70-176. Maybe it is not for VB beginners, if you are, you may need to read "New Rider's VB 70-176 and 70-175" first. The contents ia good, but the presentation is not as good as the New Rider's book. There are 2 set of VB #70-176 tests on CD-ROM, I like them.Answer to the "No Answer" review message:You can find the answers to the questions of each chapters on CD-ROM. You need to install Adobe 4.0 from the CD-ROM to you machine to read/print this answers.
- This is a fantastic book to describe and explain all the different views of the Rapture/Tribulation/Millennial Kingdom. I was impressed not only with the content, but the author was well spoken and easy to understand.
