*Critical Theory* Routledge

There has been a renewed interest in the last ten years in the underpinnings -

theoretical, philosophical, and historical - of the Gestalt approach. Often in the past, these have been lost in oversimplified versions of the therapy. The author's aim in his writings has been to provide a full and coherent account of Gestalt theory, and to emphasise our links to our therapeutic and philosophical heritage, particularly psychoanalysis and existentialism. His theme is a field-relational theory of self as the centrepiece of the approach, and how this has been placed within a structure that is still recognisably psychoanalytic. In this approach, self is understood as meaningful only in relation to what is taken as other, and how that other is contacted. The formation of a relatively coherent self-concept is a task, not a given, and can be problematic as well as

helpful (when it no longer supports the person's life-situation).

**Capitalism and Modern Social Theory** University of Illinois Press

Now with SAGE Publishing, *Contemporary Sociological Theory and Its Classical Roots: The Basics*, is a brief survey of sociology's major theorists and theoretical approaches, from the Classical founders to the present. With updated scholarship in the new Fifth Edition, authors George Ritzer and Jeffrey Stepnisky connect many theorists and schools of thought together under broad headings that offer students a synthesized view of sociological theory. This text is perfect for those who want an accessible overview of the entire tradition of sociological thinking, with an emphasis on the contemporary

relevance of theory.

*Introduction to Sociological Theory*  
Routledge

The third edition of Peter Kivisto's comprehensive collection of student-accessible, primary-source readings provides students an opportunity to experience "first-hand" a broad range of orientations shaping sociological theory today. Its seminal writings from key theorists were selected for their high degree of relevance and accessibility to undergraduates. The readings help students make the connection across schools of thought-revealing that theories are always about something--as well as demonstrating the roles theories play in interpreting our social world. Brief, thought-provoking introductions frame each article in a larger context

and alert students to key points. These introductions serve as a useful "road map" as students travel through the diverse views and continuing debates that make the study of social theory an exciting adventure. These introductions also identify and explain central issues and relationships among the topics covered.

### **Social Theory** CreateSpace

This is a collection of articles dealing with the point of view of symbolic interactionism and with the topic of methodology in the discipline of sociology. It is written by the leading figure in the school of symbolic interactionism, and presents what might be regarded as the most authoritative statement of its point of view, outlining its fundamental premises and sketching

their implications for sociological study. Blumer states that symbolic interactionism rests on three premises: that human beings act toward things on the basis of the meanings of things have for them; that the meaning of such things derives from the social interaction one has with one's fellows; and that these meanings are handled in, and modified through, an interpretive process.

### *Hoedowns, Reels, and Frolics* Routledge

This comprehensive collection of classical sociological theory is a definitive guide to the roots of sociology from its undisciplined beginnings to its current influence on contemporary sociological debate. Explores influential works of Marx, Durkheim, Weber, Mead, Simmel, Freud, Du Bois, Adorno,

Marcuse, Parsons, and Merton Editorial introductions lend historical and intellectual perspective to the substantial readings. Includes a new section with new readings on the immediate "pre-history" of sociological theory, including the Enlightenment and de Tocqueville. Individual reading selections are updated throughout.

**The Constitution of Society** Waveland Press

Written by a team of sociologists, this text introduces readers to social psychology by focusing on the contributions of sociology to the field of social psychology. The authors believe sociology provides a unique and indispensable vision of the social-psychological world in the theoretical perspectives that sociologists employ

when studying human interactions and in the methodological techniques they utilize. Within the pedagogically rich chapters, topics are examined from the perspectives of symbolic interactionism, social structure and personality, and group processes.

Kivisto publication evaluates that will certainly educate and involve your audience.

Theorists, Concepts, and their Applicability to the Twenty-First Century  
A&C Black

Giddens's analysis of the writings of Marx, Durkheim and Weber has become the classic text for any student seeking to understand the three thinkers who established the basic framework of contemporary sociology. The first three sections of the book, based on close textual examination of the original sources, contain separate treatments of each writer. The author demonstrates the internal coherence of their respective contributions to social theory. The concluding section discusses the principal ways in which Marx can be

compared with the other two authors, and discusses misconceptions of some conventional views on the subject.

*Roots and Branches : Readings* Roxbury Publishing Company

These essays, written in the 1930s and 1940s, represent a first selection in English from the major work of the founder of the famous Institute for Social Research in Frankfurt. Horkheimer's writings are essential to an understanding of the intellectual background of the New Left and the to much current social-philosophical thought, including the work of Herbert Marcuse. Apart from their historical significance and even from their scholarly eminence, these essays contain an immediate relevance only now becoming fully recognized.

Perspective and Method John Wiley & Sons

Covering all the major schools of thought within classical sociology, and considering how they have been subjected to changing interpretations and appropriations subsequently over the last 100 years and more, Classical Social Theory: Roots and Branches leads the reader through an often complicated terrain with lucidity and authority. It gives a vivid sense both of what major theorists and schools said, and also of why they argued as they did, reacting against, challenging and further developing the ideas of predecessors and contemporaries, and seeking to understand often bewilderingly rapid and unsettling social changes. David Inglis demonstrates the limitations and

outdated aspects of classical social theory, as well as highlighting the continued vibrancy of classical sociology, its ongoing relevance for contemporary debates across the social sciences, and its essential contribution towards understanding the changing world around us today.

**Contemporary Sociological Theory and Its Classical Roots** SAGE Publications

The sixth edition of Peter Kivisto's popular anthology, Illuminating Social Life, continues to demonstrate to students how social theories can help them make sense of the swirling events and perplexing phenomena that they encounter in their daily lives. A perfect complement for sociological theory courses, this updated edition includes 13

original essays by leading scholars in the field that help students better understand and appreciate the relevance of social theory. Once again, Peter Kivisto's collection illuminates the connection between sociological theory and the realities that students are faced with every day—from the Internet, alcohol use, and body building to shopping malls, the working world, and fast-food restaurants

*An Introduction to Sociology* PBL Limited

Edited by Peter Kivisto, this acclaimed collection of accessible primary source readings enables students to experience "first-hand" a wide range of perspectives shaping current sociological theory. Now in its fourth edition, *Social Theory: Roots and Branches* covers both classical theory (the roots) and contemporary

theory (the branches) and shows how they are linked. Part One features work from such well-known classical theorists as Marx, Durkheim, Weber, and Simmel while also presenting selections by theorists outside of the discipline and from writers who are often overlooked in competing collections, including W. E. B. Du Bois, Charlotte Perkins Gilman, and Harriet Martineau. Part Two offers readings that illustrate major contemporary theoretical approaches, ending with a section on cutting-edge directions in theoretical discourse. Featuring eighty-two seminal writings, *Social Theory* helps students draw connections across different schools of thought. Each reading is enhanced by a concise, thought-provoking introduction that highlights its key points and frames

it in a larger context. These introductions serve as a useful "road map" for students as they travel through the diverse views and continuing debates that make the study of social theory an exciting adventure. The introductions also explain core issues and relationships among the topics covered. The fourth edition is enhanced by seventeen new selections, including five articles in a new section on theories of race, ethnicity, and nationalism. New discussion questions follow each section.

*The Protestant Ethic and the Spirit of Capitalism* Sage Publications

Arguing for the idea of connected histories, Bhambra presents a fundamental reconstruction of the idea of modernity in contemporary sociology. She criticizes the abstraction of

European modernity from its colonial context and the way non-Western "others" are disregarded. It aims to establish a dialogue in which "others" can speak and be heard.

*The Individual as Homo-Sociologicus Through Society and History* Springer Science & Business Media

Examines the interactions between sociological theory and research in various approaches to the study of social structure, evaluating the limitations and functions of each

*The Making of Social Theory* Emerald Group Publishing

As political, economic, and environmental issues increasingly spread across the globe, the science of geography is being rediscovered by

scientists, policymakers, and educators alike. Geography has been made a core subject in U.S. schools, and scientists from a variety of disciplines are using analytical tools originally developed by geographers. Rediscovering Geography presents a broad overview of geography's renewed importance in a changing world. Through discussions and highlighted case studies, this book illustrates geography's impact on international trade, environmental change, population growth, information infrastructure, the condition of cities, the spread of AIDS, and much more. The committee examines some of the more significant tools for data collection, storage, analysis, and display, with examples of major contributions made by geographers. Rediscovering

Geography provides a blueprint for the future of the discipline, recommending how to strengthen its intellectual and institutional foundation and meet the demand for geographic expertise among professionals and the public.

**An Analysis of the Writings of Marx, Durkheim and Max Weber** John Wiley & Sons

This Handbook provides the hidden common threads that tie sociological inquiry together and featuring eminent scholars, it separates itself from its predecessors in substance and organization. Rather than rehashing old debates or longingly gazing at the past, this book presents sociologists with new ways of conceptualizing the organization and presentation of sociological theory. At the heart of this Handbook's vision is

the twin goals of making theory a viable enterprise by reconceptualizing how we teach theory and keeping theory closely tied to its empirical applications. Three strategies are offered: (1) Elucidating how classic issues like integration or interaction are interrogated today; (2) Presenting a coherent vision of the social levels of reality that theorists work on such as communities, groups, and the self as well as how the coherence of these levels speaks to the macro-micro link; and, (3) Theorizing the social world rather than celebrating theorists or theories; that is, one can look at how theory is used holistically to understand the constraints the social world places on our lived experience or the dynamics of social change. Hence, in the second decade of the 21st century, it has

become clear that sociology is at a crossroads as the number of theorists and amount of theory available is increasingly unmanageable and unknowable by the vast majority of professionals and students. As such, this Handbook of Contemporary Sociological Theory presents the novice and the expert with the a roadmap for traversing this crossroad and building a more coherent, robust, and cumulative sociology.

**The Human Rights Enterprise** John Wiley & Sons

Anthony Giddens has been in the forefront of developments in social theory for the past decade. In *The Constitution of Society* he outlines the distinctive position he has evolved during that period and offers a full

statement of a major new perspective in social thought, a synthesis and elaboration of ideas touched on in previous works but described here for the first time in an integrated and comprehensive form. A particular feature is Giddens's concern to connect abstract problems of theory to an interpretation of the nature of empirical method in the social sciences. In presenting his own ideas, Giddens mounts a critical attack on some of the more orthodox sociological views. *The Constitution of Society* is an invaluable reference book for all those concerned with the basic issues in contemporary social theory.

*The Perspective of Historical Sociology*  
Roxbury Publishing Company

The concept of self-handicapping can be legitimately anchored in a variety of

intellectual contexts, some old and some newer. As this volume reminds us, Alfred Adler was perhaps the first to articulate the significance of various self-defeating claims and gestures for protecting the self concept. Thus the apparent paradox of "defeat" in the interests of "protection." More recently (but still more than 30 years ago), Heider's "naive psychology" added attributional rhetoric to the description of self-defeating strategies. While predominantly cognitive in its thrust, the attributional approach incorporated several motivational influences-especially those involving egocentric concerns. Heider hardly violated our common sense when he suggested that people are inclined to attribute their performances in a self-serving manner: the good things I

caused; the bad things were forced upon me. The notion of self-handicapping strategies, proposed by Berglas and myself a little more than a decade ago, capitalized on these homely truths while adding a particular proactive twist. We not only make excuses for our blunders; we plan our engagements and our situational choices so that self-protective excuses are unnecessary. In doing so, we use our attributional understanding to arrange things so that flawed and failing performances will not be interpreted in ways that threaten our self-esteem.

*Gestalt Therapy* Routledge

The Sociology Writer's Guide is designed to help sociology students at any level complete their writing assignments, and strengthen their research and

bibliographic skills. Covers every kind of writing assignment a sociology student is likely to encounter: term papers, research papers, essays, compare/contrast papers, quantitative and qualitative research articles, text analysis papers, book reviews, abstracts, and essay exams. Teaches a practical, step-by-step approach to writing, from selecting a topic to submitting finished work. Uses Tips, Notes, and Reminders to highlight key points. Includes a complete list of examples for handling quotes and paraphrases, and for using citations and references in current sociological documentation style. Features a full discussion of bias-free language that covers race/ethnicity, social class, age, disability, religion,

family status, and sexual orientation. The author is a sociology instructor, writer, and editor who has taught a writing for sociology class for over 12 years.

## **REVIEW OF SOCIAL THEORY ROOTS AND BRANCHES PETER KIVISTO**

- Great to read again. As good as ever! With all the talk of the new movie I had to read it again and it did not disappoint! A truly great adventure.
- For fans of fantastic and epic stories. This is just a great classic that you cannot miss. Tolkien gave us a door to another fascinating world to escape ours.
