## **REVIEW OF HINDI VYAKARAN NOTES**

- This book has been a great help to us as we work with our Russian guests. We are never going to be fluent in Russian but this little handbook makes communication possible. Thank you .
- I had this book when I was a child and it got lost over the years, I oftenthought about trying to find a copy but until Amazon I had no idea where to look. It's a great book for kids interested in our world and how it formed and the dinosaurs, underwater life etc. The artwork is beautiful, and even though it was written in the 50's most of the info is still accurate, even when they discuss the shrinking polar caps and why(so muchfor global warming) It's written for older kids or even adults. So happy I found it.
