REVIEW OF H C HARDWICK VOLUME 1

- This book is great! Not only does it cover the drumset it also has instructions on how to play a bunch of other drums including congas and bongos and quite few that I'd never heard of before. It also has rhythms and techniques for playing cowbells and shakers

and stuff. I want to play in a rock band and I like that this book gives me so much great information on how to play more than just basic beats. I learned about song structure and how to use fills and licks and there's even a section on playing solos! The CD that comes with this book makes it really easy to learn the

drum beats. This is the best drumming book that I have.

- This book was just as beautiful as the other reviews said. The pictures are very nice, the book itself is plush and has a cute bookmark with a Christmas stocking. I hope to keep this in my growing family for many many years.
