REVIEW OF N SCALE STRUCTURES MODEL TRAINS HO SCALE SCENERY

- This was an unbelievable book. I had read shorter versions in school and seen different versions in the movies over the years but now that I have read this unabridged version I feel truly slighted. The size of this book put me off at first but once I got into the book I

couldn't put it down. Dumas manages to capture probably the best account of human emotions that I have come across in a written form in a long time. Love, jealousy, hate, despair, revenge, remorse, pity, grief, and the list goes on and on. Through our beloved Count, Edmond, we see all of these things that make us human. We find by each turn of the page that it isn't these emotions that are bad or good but how we

put them to use in our lives. I was truly stunned by this book and all that is contained within...and as the Count said in his last words I am left to "wait and hope". This book is a must read for everyone.

- I read this book in 4 days. I couldn't put it down. It is an intense story about a man who is sent to jail wrongly. When he escapes years later, he enacts revenge against those who put him there. Set in Napoleonic France.
