REVIEW OF BUILDING SCALABLE WEB SITES BUILDING SCALING AND OPTIMIZING THE NEXT GENERATION OF WEB APPLICATIONS

• I wish I were more proficient in Spanish so as to be able to read this novel as GGM put it to paper. I can't even begin to compare the prose, the images invoked, to any other writer I've been exposed to; they just don't compare to Marquez. I'm reading it for the 4th or 5th time and can't put it down. The words just seamlessly fall into place in sync with my thoughts and imagination. That part of this novel is a wondrous experience. As to the content, the Buendias are a family I've become familiar with and increasingly revolted by. Behind all of Marquez's dense fog of magical prose is the sick reality of this family. I understand the intent, but didn't really pay it any attention until the 2nd reading or so. It's animalistic, barbaric, incestuous, and callous; it's a fairly tale on heroin. If you enjoy the style and prose this will be one of your favorite books, but you'll only know if it clicks with you if you give it a try.

- I've read nearly all of them and this is my favorite. Definitely check out the ones with Death in a lead role (like Mort for instance)
