From best-selling author, Susan M. Johnson, with over 1 million books sold worldwide! This essential text from the leading authority on Emotionally Focused Therapy, Susan M. Johnson, and colleague, T. Leanne Campbell, apply the key interventions of EFT to work with individuals, providing an overview and clinical guide to treating clients with depression, anxiety, and traumatic stress. Designed for therapists at all levels of expertise, Johnson and Campbell focus on introducing clinicians to EFIT interventions, techniques, and change processes in a highly accessible and practical format. The book begins by summarizing attachment theory and science – the theoretical basis of this model – together with the experiential approach to change in psychotherapy. Chapters describe the three stages of EFIT, macro-interventions, such as the EFIT Tango, and various micro-interventions through clinical exercises, case studies, and transcripts to demonstrate this model in practice with individuals, highlighting the unique benefits of EFT as a cross-modality approach for treating emotional disorders. With exercises interwoven throughout the text, this book is built to accompany in-person and online training, helping the practicing clinician offer targeted and empirically tested interventions that not only alleviate symptoms of distress but expand the client's emotional balance, agency, and sense of self. As the next major extension of the EFT approach, this book will appeal to therapists already working with couples and families as well as those just beginning their professional journey. Psychotherapists, psychologists, counselors, social workers, and mental health workers will also find this book invaluable.

#### REVIEW OF OPERATION GUIDE 5089 CASIO

- I wish I could show the inside of this book because by just looking at it, the design speaks for itself. The Chalet's graphic world is full of very creative and funny characters that have been made for such experimental clients as MTV. When I opened the book for the first time I was (and I'm still) amazed to see how much this guy had made with a computer. Without hesitation I give this book more than five stars and if you're a lover of the MTV style you're definitely going to cherish this book.

- Readers will not only know how to construct a variety of kayaks but will understand why they are built they way they are. Specifically, you will understand how relative thickness of wood to fiberglass contributes to strength of the epoxy encapsulated composite. The result of this form-follows-function engineering is also esthetically stunning, as the wood strips are what you will see beneath this incredibly tough and TRANSPARENT epoxy and glass. Mr. Schade also explains how you can lengthen or shorten a given design to match your own physique, so in reality, you get more than three designs...if you have the kayak bug this book is indispensable.
