## **REVIEW OF MINDS MACHINE FOUNDATIONS BEHAVIOR SECOND**

- This book is definitely one of all-time favorite reads. I could not put it down, and when I did, I almost wanted to cry because it was over. It was as if I had grown with this woman, experienced everything with her, and the ending of

the book put a direct end to our relationship. Not very many books move me in such a way. I think it was well-written...had it not been I wouldn't have been so emotionally-tied to the characters. I recommend this book to everyone-hopefully it will move you as much as it has moved myself.

- This was a wonderful investment. I purchased this book for my son on my way home from work and we began practicing that night. By the next evening he wanted to tie everyone's shoes. I would definitely recommend buying this book.
