**REVIEW OF FINANCIAL STATEMENT ANALYSIS GOKUL SINHA**

- When my daughter was small, her repeated request was 'read about the skunks, Daddy.' I don't think it was the topic (crazy dog, hyperactive kid, sleeping skunk, dirt basement, dead of winter and a garden hose) as much as even after having read it to her dozens of times I still broke up when I got to the line beginning 'A rich golden haze...' (I just cracked up writing this.) This is a book for anyone who has ever loved a dog or a squirrel or a chipmunk or a garter snake or ever rode a two wheeler and pretended it was a horse or walked in a field or wished 'why didn't I ...' No child should be forced to grow up without watching their parents snort coffee through their nose while trying to read 'The Dog Who Wouldn't Be.'
- Entertaining insight into how the brain works with anecdotal stories from a neurophysiologists/neurosurgeon's viewpoint
