### When God is Silent Fortress Press

This book by pastor and certified fund raising executive (CFRE) Michael R. Ward provides church leaders a resource to lead their congregations to a new culture of generosity and abundance that raises more money as well as more disciples. Written specifically with pastors, congregation councils, finance committees, and stewardship teams

in mind, this book encourages and guides a process of study, reflection, and action that is clear and practical. Ward taps into years of experience fundraising in the nonprofit sector to address the ongoing challenges of financing ministry. His goal is to empower congregations and other nonprofit organizations to expect and plan for generosity. The book moves from grounding stewardship ministry biblically and theologically to setting up the basic building blocks for strong stewardship, including board development, stewardship planning, and strategic planning. From there, it addresses practical tactics, such as case development,

communication, donor mentality, roadblocks, volunteers, and steps to a gift. Real-life stories and examples of growing stewardship programs and capital campaigns are provided along with practical hands-on tools to help groups plan, develop, and implement stewardship plans.

### *The Gospel Story*

"Reading of God's silence in the Bible gives me courage to explore the practice of restraint in preaching—not as a deliberate withholding of God's word nor, I hope, as a rationale for my own reticence, but as a sober reaching for more reverence in the act of public speaking about God." In these

1997 Lyman Beecher Lectures in Preaching delivered at Yale Divinity School, Barbara Brown Taylor focuses on the task of those who preach and those who hear sermons in a world where people thirst for a word from God. How may we approach this seemingly silent God with due respect, proclaiming the Word without violating the silence, by speaking with restraint? Her first chapter examines the late twentieth-century language with which we talk about God in theology and speak to God in prayer. The second chapter addresses the question of God's communication in Scripture and how the "voice of God" was heard less and less in the land as the

centuries progressed. Finally, Taylor explores what the silence of God means for Christians and how we may exercise “homiletical restraint” in speaking of the divine.

### The Path to Spiritual Growth

When asked by his barber and good friend, Peter Beskendorf, for some practical guidance on how to prepare oneself for prayer, Luther responded by writing this brief treatise, first published in the spring of 1535. After 500 years, his instruction continues to offer words of spiritual nurture for us today.

## **REVIEW OF ELCA CHURCH COUNCIL DEVOTIONS**

- Liked the historical facts and the humour of the dialogue. Sometimes the connections between the various historical figures were hard to follow and the word definitions were difficult to figure out. It certainly made me very interested in Richard III

- A very good book and story....Author had a great command of the English language, made me step up my game.
