REVIEW OF HSK STANDARD COURSE 2 WORKBOOK

- Prep is the story of Lee Fiora, a middle-class girl from South Bend, Indiana, whose father sells mattresses and whose mother is a bookkeeper. Lee looks at glossy leaflets of boarding schools and decides to apply and seek out an adventure rather than attend her local public high school. When she gets a 75% tuition scholarship to Ault, a prestigious prep school outside of Boston, she convinces her parents to let her go. However, the decision may not have been the wisest choice, and she forms a bit of a love/hate relationship with her new school. The book follows Lee's four years at school, where she realizes that she is an outsider at Ault, and does nothing to change that status. Her parents are not rich, nor is she remarkable among the scholarship students (most are athletes, minorities or both). She makes few friends but still has many interesting interactions with others on campus. Her Freshman year is highlighted with Lee's attempts at adjustment- trying to figure out who to align herself with, making and losing the friendship of an oil baron's daughter, and developing her first crushes (male and female). Her sophomore year, Lee becomes a bit of a celebrity on campus, as she realizes she is talented at cutting hair, and cuts students' hair for them in an attempt to be liked. She also clashes with a rookie English teacher desperate to get Lee involved. Her junior year, Lee deals with almost failing math, a friend's attempted suicide as well as her "coming out," and forms a friendship with a "townie" that makes her ashamed. There is also a heart-breaking parents' weekend experience where Lee is caught between love for her family and embarrassment they they are not rich. Her senior year, Lee deals with graduation and college

looming, her first casual sex with the boy she has loved for 4 years. Then at the very end, her continued attempts not to be noticed backfire, and she becomes rather infamous on campus. The prose in this book will hit most people close to home. I felt like Sittenfeld was inside my own head when I was a high-schooler, her descriptions of a teenager's thought process are THAT dead-on. Sittenfeld is a very gifted writer, shifting back and forth between Lee's reflections later in her life with her present-sense impressions of her days at Ault. It is true that Lee is a bit judgmental of others, considering she is an outsider, and sometimes her worrying and obsessing get tiresome, but

then again, that is just part of being a self-conscious teenager. I highly recommend this book as a read or a listen, it is a fun debut from a talented author (who lived the experience). I look forward to her next book!

- i really liked this book. i couldn't put it down and over a period of a few days finished it. It is intriguing, and there has always been a part of me that has enjoyed reading about boarding schools (back from my own childhood days) but the different emotions Lee, the main character goes through, is a great read.
