REVIEW OF CASE FILES SURGERY 4TH EDITION

- And if you're not on my list, be well advised that this may be the most important book you will ever read.
- I had not read anything by Washington Irving so now that I have my Kindle I decided to give it a go. To my surprise I found the story charming and the writing excellent. In some parts of the book I did see a few HTML errors that resulted in %@ etc but those were few and far between. If you have not read Irving before I highly recommend this book. The descriptive writing is just excellent and sure to hound you well after you have finished the book.
