And if you ever before need help locating the perfect book, our knowledgeable staff is here to provide personalized suggestions.

REVIEW OF BERLITZ MEETINGS PRESENTATIONS

- The hits just keep coming for this author. I loved every minute of this book. Cassandra has to have a child to keep the world from ending and Wulf is the one that turns her on. And oh, by the way, did I mention the immortal warriors that are out to kill her?It's so much more complicated than that, but you have to read this book. If you are a fan of the Dark Hunters, this is required reading!!!

- The Grand Crusade... first off, it's an accurate title. Michael takes his time reintroducing the characters, and while I understand why writers do that, I'm not convinced it needs to be done in a limited series (this is presumably the last book).As usual, I enjoyed Michael's narrative immensely. The clarity with which he describes not only combat scenes but entire battles is startling, especially since it's easy to read. Possibly the most appreciated element, which Michael uses well, is his inclusion of descriptions of some of the nastier wounds that people take. The kind of thing that makes the reader realize how gory battle really can be.If you're looking for the revival of Will Norrington, don't hold your breath. It's over half-way through the book before the possibility of THE Norrington's return is addressed. While I wasn't addicted to the idea of Will showing up again (Princess Alexia's interpretation of the prophecy matched mine) I had been hoping to see him again. Frankly, I'd grown very fond of the little thief.What Michael did left me feeling as if he were struggling to find a solution. 85% of the book was collimated like a laser, burning away chunks of this tale, revealing to us the glory, hopes and fears of the characters in every chapter. That was consistent with the rest of the series.But that 15% seemed to wander, and to my thinking, detracted from the book, and the grand crusade (apologies, pun intended).Don't take my word for it, though. Read it and rebut. ;)The return of some old friends, and the introduction of some new ones, makes for great moments. Temmer is addressed again, and some background is filled in that explains a lot about Isaura. We get looks at new perspectives, including a few zooms on Chytrine herself, and it does help fill in the whole story.Oddly enough, the epilogue felt a little rushed to me, but I'm a glutton for character resolution. Of course, I wouldn't mind if Michael went on with this world...The Grand Crusade was absolutely that. Even the 15% that I felt wandered a bit wasn't near enough to turn me away or even make me regret the wait.If you liked Timothy Zahn's "Thrawn" trilogy, The Lord of the Rings movies and/or Dave Duncan's "The Gilded Chain" series, you'll enjoy the Dragon Crown War series.And if you enjoyed the first three books, I doubt anything will keep you away from the last one. All in all, a great read.
