REVIEW OF LEVEL 2 AWARD IN FOOD SAFETY IN CATERING SAMPLE QUESTIONS

- This book was a page-turner for me. I got lost in it. Something about the gut-level sharing that was done through letters from Sam to Jennifer touched me. I came from the area the book was written about as well so that was fun. I recommend this book to women who want to know other women's stories. I always do!

- This book is compelling reading for the serious Steely Dan fan. However, one must take it with a grain of salt, as the dynamic duo weren't involved in the book project at all. The mystique of Becker and Fagen represent part of their attraction, after all, and their legendary reclusiveness permeates this book. This reader noted a few glaring errors in grammar, and perhaps typos, but considering it's British authoring, it may be correct as far as the King's English goes. A good read nonetheless...I am glad I read it, however, as it seems to answer some of the nagging questions all Dan fans ask. Buy it with confidence, but don't expect too much.
