REVIEW OF BOBCAT TRACTOR SERVICE S

- Abby, the successful engineer returns back to her hometown after 10 years where she meets Chase the former high school hottie. He has a big secret which we find out is the fact that he is illiterate... Their differences in education don't seem to matter, they still get together and plan to spend their future as a married couple, endless rambling on about it later I wish I had not wasted my time on this book.

- As with a lot of the wrox press books ; they are incredibly difficult to read; both literally and physically!!!;you can't keep a page open because the book spine is so tight that it keeps flipping shut.The book should start at the beginning and work its way through but instead it jumps into the deepend drowning newer users.Really found this book annoying and although it has a lot of content and usefull code the format and delivery make it ultimately a waste of money (my opinion.)
