REVIEW OF GOLDEN SCIENCE GUIDE FOR CLASS 9 CBSE

- Andrew Murray is one of my favorite Christian authors. I buy, read, and re-read just about all of this books. I recently was trying to decide whether or not to buy this one, and, believe it or not, even the negative reviews made me want to buy it! There are undoubtedly some phoney faith healers in the world today, there have been in days gone by, and there probably will continue to be until the Lord returns, but this book simply exhorts and encourages those who want to believe what the Word of God says about the Lord's power and willingness to heal someone afflicted of a disease. Murray nowhere tells people not to seek the advice or help of physicians. He does say that when one receives healing by supernatural means without the help of natural remedies, one also receives spiritual blessings that don't accompany a natural cure, and this can and does bring a person into greater dependency (which is good) and trust in the Lord. The language is very easy to read, the book is divided into 32 mostly very short chapters, the last two chapters are about 7 pages each, the others are 2, 3, or 4 pages. This book is exactly what I was looking for, I'm going to read it and

reread it and reread it, and believe that Divine Health is for me, for the purpose of my being able to work for the Lord at His request and bring Him glory!

• To anyone interested in the English language and its application by a master story teller, this author must be read. Bierce is an American wit equal to (and contemporary of) Mark Twain, and he writes not with a pen dipped in ink but with a scalple dipped in bile. Prepare to be scathed.
