REVIEW OF EKSAMEN KU

- East of Eden has so much potential to be a book which has more of a satisfactory impact. This book, was at times poorly written, contradictory, confusing, and unfortunately boring. I say the book was poorly written at times because John Steinbeck spent so much time writing this book (several years I believe) and he could not manage to create many characters which interested me. Also, he included too many characters which were not important to the novel and even makes it unclear who the narrator is in the novel. I think the book is somewhat hypocritical because the novel's emphasis on freewill as one

of its themes is not expressed through all the characters. Cathy Ames for instance, is condemned as a devil during the entire course of the novel. How can you claim that freewill exists, and then permanently condemn one of your characters to a satanic status? I think that makes the book boring because it causes the plot to be too predictable, and at some points dry and corny. I am not saying that this book was completely awful though. The three stars I gave were for, the decent character development of Charles, and the insightful amorphisms provided by Lee, the Chinese servant of Adam. Also, Steinbeck's development of Cathy also had its strong points, but overall, I was disappointed at the way many character's dealt with their dilemmas. At times I was left feeling jipped at the outcome, or craving for more than what was provided. Overall, the book has strong themes, and a sufficient plot, but is hindered by its poor organization and mild character development.

- Superlative writing. I feel unable to describe such a well written book on philosophy, the meaning of life, history and general going on related to life. The bits about tea are good too. Who is this guy and how did he learn to write so well!!!
