REVIEW OF FORM ONE BIOLOGY REVISION GUIDE NOTES

- A great book. Full of laughs yet amazingly profound. Fun and thought provoking. One of my favourite books. Some kind soul sent me a new copy anonymously from Amazon (last I heard it

was out of print) - I highly recommend this book and if you want to give someone a surprise with an anonymous gift I speak from experience when I say this book is a great way of doing it!

- The contrived question and answer format didn't bother me too much, and actually covered a lot of ground in an engaging way. I liked this book.
