REVIEW OF 7 HONDA ODYSSEY AUDIO WIRING

DIAGRAM

- As of now I am completing drivers Ed. We take tests over this book, and I feel it is rather outdated for what it is being used for. The pictures are helpful, but the text I found boring and most of the text seemed just to be fill. They stretched out simple procedures, and filled the usefull information with unimportant details. If you want to pass the test, read your state drivers manual. If you think this will help you, try it, but I warn you, its

not worth it. Your state drivers manual is worth you time, check it out!
