Django Generations shows how relationships between racial identities, jazz, and national belonging become entangled in France. Jazz manouche—a genre known best for its energetic, guitar-centric swing tunes—is among France’s most celebrated musical practices of the twentieth and twenty-first centuries. It centers on the recorded work of famed guitarist Django Reinhardt and is named for the ethnoracial subgroup of Romanies (also known, often pejoratively, as “Gypsies”) to which Reinhardt belonged. French Manouches are publicly lauded as bearers of this jazz tradition, and many take pleasure and pride in the practice while at the same time facing pervasive discrimination. Jazz manouche uncovers a contradiction at the heart of France’s assimilationist republican ideals: the music is portrayed as quintessentially French even as Manouches themselves endure treatment as racial others. In this book, Siv B. Lie explores how this music is used to construct divergent ethnoracial and national identities in a context where discussions of race are otherwise censored. Weaving together ethnographic and historical analysis, Lie shows that jazz manouche becomes a source of profound ambivalence as it generates ethnoracial difference and socioeconomic exclusion. As the first full-length ethnographic study of French jazz to be published in English, this book enriches anthropological, ethnomusicological, and historical scholarship on global jazz, race and ethnicity, and citizenship while showing how music can be an important but insufficient tool in struggles for racial and economic justice.

An action-packed middle-grade fantasy with classic writing, a resourceful heroine, a host of magical creatures, and no shortage of narrow escapes—for fans of *Story Thieves*, *Inkheart*, *Coraline*, and *Harry Potter*. For Alice, danger threatens from inside the library as well as out. Having figured out the role her master and uncle, Geryon, played in her father's disappearance, Alice turns to Ending—the mysterious, magical giant feline and guardian of Geryon's library—for a spell to incapacitate Geryon. But, like all cats, Ending is adept at keeping secrets and Alice doesn't know the whole story. Once she traps Geryon with Ending's spell, there's no one to stop the other Readers from sending their apprentices to pillage Geryon's library. As Alice prepares to face an impending attack from the combined might of the Readers, she gathers what forces she can—the apprentices she once thought might be her friends, the magical creatures imprisoned in Geryon's library—not knowing who, if anyone, she can trust.

From the beloved author of the #1 New York Times bestsellers *Tuesdays with Morrie* and *The Five People You Meet in Heaven* comes his most critically acclaimed novel yet—a stunningly original tale of love: love between a man and a woman, between an artist and his mentor, and between a musician and his God-given talent. Narrated by the voice of Music itself, the story follows Frankie Presto, a war orphan born in a burning church, through his extraordinary journey around the world. Raised by a blind guitar teacher in Spain and gifted with a talent to change people’s lives—using six mysterious blue strings—Frankie navigates the musical landscape of the twentieth century, from the 1950s jazz scene to the Grand Ole Opry to Elvis mania and Woodstock, all the while searching for his childhood love. As he becomes a famous star, he loses his way, until tragedy steals his ability to play the guitar that had so defined him. Overwhelmed by his loss, Frankie disappears for decades, reemerging late in life for one spectacular yet mystifying farewell. Part love story, part magical mystery, *The Magic Strings of Frankie Presto* is Mitch Albom at his finest, a *Forrest Gump*-like epic about one man’s journey to discover what truly matters and the power of talent to change our lives.

Disability is a broad, heterogeneous, and porous identity, and that diversity is reflected in the variety of bodily conditions under discussion here, including autism and intellectual disability, deafness, blindness, and mobility impairment often coupled with bodily deformity. Cultural Disability Studies has, from its inception, been oriented toward physical and sensory disabilities, and has generally been less effective in dealing with cognitive and intellectual impairments and with the

sorts of emotions and behaviors that in our era are often medicalized as "mental illness." In that context, it is notable that so many of these essays are centrally concerned with madness, that broad and ever-shifting cultural category. There is also in impressive diversity of subject matter including YouTube videos, Ghanaian drumming, Cirque du Soleil, piano competitions, castrati, medieval smoking songs, and popular musicals. Amid this diversity of time, place, style, medium, and topic, the chapters share two core commitments. First, they are united in their theoretical and methodological connection to Disability Studies, especially its central idea that disability is a social and cultural construction. Disability both shapes and is shaped by culture, including musical culture. Second, these essays individually and collectively make the case that disability is not something at the periphery of culture and music, but something central to our art and to our humanity.

From his early rise to fame to battles with his health, this revelatory memoir by legendary guitarist Peter Frampton celebrates the life of a rock icon. *Do You Feel Like I Do?* is the incredible story of Peter Frampton's positively resilient life and career told in his own words for the first time. His monumental album *Frampton Comes Alive!* spawned three top-twenty singles and sold eight million copies the year it was released (more than seventeen million to date), and it was inducted into the Grammy Hall of Fame in January 2020. Frampton was on a path to stardom from an early age, first as the lead singer and guitarist of the Herd and then as cofounder—along with Steve Marriott—of one of the first supergroups, Humble Pie. Frampton was part of a tight-knit collective of British '60s musicians with close ties to the Rolling Stones, the Beatles, and the Who. This led to Frampton playing on George Harrison's solo debut, *All Things Must Pass*, as well as to Ringo Starr and Billy Preston appearing on Frampton's own solo debut. By age twenty-two, Frampton was touring incessantly and finding new sounds with the talk box, which would become his signature guitar effect. Frampton remembers his enduring friendship with David Bowie. Growing up as schoolmates, crossing paths throughout their careers, and playing together on the Glass Spider Tour, the two developed an unshakable bond. Frampton also shares fascinating stories of his collaborative work with Harry Nilsson, Stevie Wonder, B. B. King, and members of Pearl Jam. He reveals both the blessing and curse of *Frampton Comes Alive!*, opening up about becoming the cover boy he never wanted to be, his overcoming sub-stance abuse, and how he has continued to play and pour his heart into his music despite an inflammatory muscle disease and his retirement from the road. Peppered throughout his narrative is the story of his favorite guitar, the Phenix, which he thought he'd lost in a fiery plane crash in 1980. But in 2011, it mysteriously showed up again—saved from the wreckage. Frampton tells of that unlikely reunion here in full for the first time, and why the miraculous reappearance is emblematic of his life and career as a quintessential artist.

Lonnie Johnson (1894–1970) was a virtuoso guitarist who influenced generations of musicians from Django Reinhardt to Eric Clapton to Bill Wyman and especially B. B. King. Born in New Orleans, he began playing violin and guitar in his father's band at an early age. When most of his family was wiped out by the 1918 flu epidemic, he and his surviving brother moved to St. Louis, where he won a blues contest that included a recording contract. His career was launched. Johnson can be heard on many Duke Ellington and Louis Armstrong records, including the latter's famous "Savoy Blues" with the Hot Five. He is perhaps best known for his 12-string guitar solos and his ground-breaking recordings with the white guitarist Eddie Lang in the late 1920s. After World War II he began playing rhythm and blues and continued to record and tour until his death. This is the first full-length work on Johnson. Dean Alger answers many biographical mysteries, including how many members of Johnson's large family were left after the epidemic. It also places Johnson and his musical contemporaries in the context of American race relations and argues for the importance of music in the fight for civil rights. Finally, Alger analyzes Johnson's major recordings in terms of technique and style. Distribution of an accompanying music CD will be coordinated with the release of this book.

This volume gathers together and organizes in an easily accessible format all known information

relevant to the life and work of the French jazz musician Django Reinhardt. Together with fellow musician, Stane Grappelli, Reinhardt became one of the twentieth century's most celebrated jazz artists with performances he gave as part of the Quintet of the Hot Club of France. Essentially discographical in format, this book updates the original work compiled by Charles Delauney in 1960, and draws on later work by Gould, Nevers, Royal and Rust, to detail all known recordings by Reinhardt, together with known film, radio and television appearances. For each entry Paul Vernon provides, where known, the location of the recording, the date, the artist credit as it appears on the label of the original issue, the performers and the instruments played by them, the matrix number, the exact timing of the recording and details of 78, LP, EP and CD issues. Interspersed at the appropriate chronological points are biographical details about Reinhardt and the political, social and cultural climate of his time. This is augmented with excerpts from reviews, letters and other documents to provide a vivid context for his recording work.

Dameron is the first authoritative biography of Tadd Dameron, an important and widely influential figure in jazz history as one of the most significant composers and arrangers of jazz, swing, bebop, and big band. He arranged for names like Count Basie, Artie Shaw, Jimmie Lunceford, and Dizzy Gillespie and played with Bull Moose Jackson and Benny Golson. This book sets out to clarify Dameron's place in the development of jazz in the post-World War II era. It also attempts to shed light on the tragedy of his retreat from the center of jazz activity in the 1950s. By tracing Dameron's career, one finds that until 1958, when he was incarcerated for drug related offenses, he was at the forefront of developments in jazz, sometimes anticipating trends that would not develop fully for several years. Dameron was also an important influence on several high-profile musicians, including Miles Davis, Benny Golson, and Frank Foster. Dameron was a very private man, and while in some aspects of his life he will probably remain an enigma, this book manages to give an intimate portrait of his life at a couple of key stages: the height of his career in 1949 and the brief but productive period between his release from prison and his death.

Part memoir, part reportage, *Louder Than Bombs* is a story of music from the front lines. Ed Vulliamy, a decorated war correspondent and journalist, offers a testimony of his lifelong passion for music. Vulliamy's reporting has taken him around the world to cover the Bosnian war, the fall of the Berlin Wall and collapse of Communism, the Iraq wars of 1991 and 2003 onward, narco violence in Mexico, and more, places where he confronted stories of violence, suffering, and injustice. Through it all, Vulliamy has turned to music not only as a reprieve but also as a means to understand and express the complicated emotions that follow. Describing the artists, songs, and concerts that most influenced him, Vulliamy brings together the two largest threads of his life—music and war. *Louder Than Bombs* covers some of the most important musical milestones of the past fifty years, from Jimi Hendrix playing "Machine Gun" at the Isle of Wight Festival in 1970 to the Bataclan in Paris under siege in 2015. Vulliamy was present for many of these historic moments, and with him as our guide, we see them afresh, along the way meeting musicians like B. B. King, Graham Nash, Patti Smith, Daniel Barenboim, Gustavo Dudamel, and Bob Dylan. Vulliamy peppers the book with short vignettes—which he dubs 7" singles—recounting some of his happiest memories from a lifetime with music. Whether he's working as an extra in the Vienna State Opera's production of *Aida*, buying blues records in Chicago, or drinking coffee with Joan Baez, music is never far from his mind. As Vulliamy discovers, when horror is unspeakable, when words seem to fail us, we can turn to music

for expression and comfort, or for rage and pain. Poignant and sensitively told, *Louder Than Bombs* is an unforgettable record of a life bursting with music.

Learn 12 MORE great Gypsy Swing/Hot Club standards (see song list below left) in the style of Django Reinhardt, Stephane Grappelli and The Quintette of the Hot Club of France. Just like with the original set, you'll play along with a great Gypsy Swing Rhythm Section and learn chords, comping, and melodies, then let the band back you up as you practice chords and soloing. You play all the leads while the band backs you up. Beginners can practice basic skills while more advanced players can hone their improvisation chops, each at their own individual learning pace. You'll learn moveable closed position swing/jazz chords and practice playing them with the swing mandolin comp. We've also included information on basic chord substitution along with exercises on transposing melodies and chord progressions to different keys. These are essential skills for any swing/jazz musician. You'll also explore some basic chord melody passages! But we've added more: Gypsy Swing & Hot Club Rhythm II has downloadable bonus music, lyrics, TAB, and MP3s! Book/CD set Includes standard notation, tablature, chord diagrams, lyrics, playing tips, and more. Each song is presented on the CD at slow and regular speed. First you'll hear the melody played on mandolin at a slow speed with just guitar backup, then it's repeated at regular speed with the band. The back up band is a classic Hot Club- style rhythm section with two acoustic rhythm guitars, string bass, plus a rhythm mandolin so mandolinists can hear just how the Gypsy Swing comp sounds on mandolin. On this mandolin version of Gypsy Swing & Hot Club Rhythm II for Mandolin all the leads are played on mandolin. Finally the band plays several choruses and you play all the leads. Songs may be repeated, at slow or regular speed, as many times as you wish in order

No European jazz musician has so enchanted the world as Django Reinhardt, the gypsy guitarist whose recording with Stephane Grappelli and the Hot Club of France have meant "The Thirties" to several generations of listeners, influencing musicians as far afield as Larry Coryell, Leon Redbone, Eddy Lang, and Charlie Christian. This is the only full-length study of Django ever published in English, an unforgettable portrait of a wild and independent figure who never learned to read or write (friends forged his autographs), exasperated those people who lived by schedules, gambled away a week's salary in a night, but who played the guitar like no one before or since. The distinguished French critic Charles Delaunay, who knows more about Django than anyone alive, here provides not only the familiar outline of a life--the childhood travels in gypsy caravans, the fire that left Django with a crippled hand, the legendary temper and generosity--but he also collected scores of anecdotes about the sensitivity and musical gifts that were the basis for Django's appearance as a character in Jean Cocteau's *Les Enfants Terribles*. Who else but Django could charm his way out of a jail sentence by serenading the police officer with his guitar? The comprehensive discography at the back of the book completes Delaunay's picture of this "misrepresented and fantastic creature, at once so captivating and so divorced from the contentions of his age."

### **REVIEW OF DJANGO THE LIFE AND MUSIC OF A GYPSY LEGEND**

- Some excellent stories near the beginning of the book, but there was creepy/questionable content

toward the end of the book that I guess we were supposed to think was funny? I was left wishing I hadn't bought the book and would not buy from this writer again.

- Reading *Talking in the Dark* is like reading the inarticulate thoughts of your own heart. McNair writes with such eloquence and compassion about the inescapable realities of life that I cried as much with relief as with sadness as I read the poems. His very insistence on the embarrassing limits of our humanness points to what lies beyond it - a connection to ourselves and one another that defies our ability to understand it well enough to hold tightly to it for comfort, but which glimmers on the edge of consciousness, like headlights on the ice-coated telephone wires of "Glass Night." The

poems are written in the clear and simple language of everyday interactions - with an angry step-parent, an elderly relative who's abandoned the strain of an unacceptable reality, the neighbor who hopefully assembles old cars and appliances in the yard, the lover of many years whose very familiarity has a kind of strangeness in it. The mute testimonies of houses, cars, and clothes also appear, allies in the effort to make deals with our individual fates. These poems reveal the ordinary for what it is - an incomprehensible mystery. I highly recommend this book to everyone who struggles to make sense of the confounding mixture of passion, loss, humor, mortality, tedium, pain, and mute love that fills an average life.
