REVIEW OF CAMPBELL ESSENTIAL BIOLOGY 5TH EDITION FREE

- Charles Dickens' Christmas Carol is read annually along with any and all movie versions. The tale is so simple yet so full of detail. Scrooge is every man who lets life get him down until something changes the status quo. The

use of spirits to guide a person to a better path in life is so in tune with the 1990s where everyone is searching for miracles whether they involve spirits or angels or whatever. A true classic that has withstood the test of time and will continue to delight for generations to come.

- An inexpensive gift for everyone. Even if you have seen every movie this is much better! Keep a few on hand to put on house guests night stands.
