REVIEW OF FINANCIAL REPORTING AND ANALYSIS 7TH EDITION GIBSON

- Gilberto Freyre is now considered one of the gretest thinkers of Brazil, alongside Sérgio Buarque de Hollanda. As Mrs. Laidman recognized, we can't look for his work as if it's been written yesterday: when many people all over Americas (both North and South) believed that "whitening population" was the solution to all problems; when fascists and nazis took power in Europe, Freyre looked at mixture of races and saw it as a positive feature, something that could lead our people to a better place, God knows where, but better. During the 60's and 70's his ideas were fiercely attacked by new generations of sociologists and historians - and that's good, that's how science advances. But, they attacked him, mostly, for his political positions. Today, people rediscovered Freyre, understood him on his own time. Yes, his presumptions about sex addicted people, indian women burning in desire and so on are considered today too much. But the essence, the mix of races and cultures as a positive fact, the understanding of Portuguese government as something absent and masters of plantions, on the absence of State, rulling their slaves and families and regions, masters as the actual power in colonial Brazil, is considered a remarkable way to understand our country and it's people. By the way, many people in Black

Movement also recognizes Freyre and his role in understand Brazil's black influences. Despite his presumptions, Freyre is more up to date than ever.

- I love every story in this book. I did not want the story "Welding with Children" to end. I wish Gautreaux would make it a novel. My

favorite story is "Good For The Soul" which is hilarious. You cannot live in Southern Louisiana and not know Father Ledet. I pray Tim Gautreaux lives to be a very old man and writes for the rest of his days. I am buying every person I love this book for Christmas.
