REVIEW OF ESSENTIALS OF TREASURY MANAGEMENT 3RD EDITION

• I'm not a sailor nor intend to be after reading this wonderful adventure book but, I love adventure stories especially true ones where someone goes off on their own and let's nature do what she will.This book had me laughing out loud as I think our boy here bit off more than he could chew at the start . seemed like a good idea at the time I suppose :) altho he did manage to become learned about the nautical jargon thru trial and error . buy it, borrow it ...have a laugh .

• It would have saved me a lot of time, effort and pain if I had had this book when I started. It's easy for anyone to read and follow with and covers almost everything with enough depth to get you going. I would like to see more on development.
