[Ventes et productions touristiques Europe At the Seaside](#)The Economic History of Mass Tourism in the Mediterranean

Here, said the reviewer for Salon.com, is a book that is "lively and accessible and erudite...the perfect companion for anyone who wouldn't be caught dead with an airport paperback-though I wouldn't want to wager which one provides more juice." Historically, the sexual motives of travel have rarely been spelled out in travel guides and brochures. Sultry Climates is an alternative history of tourism, made up of precisely the details that usually go unmentioned. As Ian Littlewood demonstrates with dazzling elegance and wit, if we want to make sense of the celebrated "Grand Tour" of the nineteenth and early twentieth centuries, for example, it's as important to take account of travelers' visits to Dresden streetwalkers and Venetian courtesans as it is to reckon with their visits to the Dresden picture gallery and the Doge's Palace. From Byron in Greece to Isherwood in Germany, from American expatriates on the Left Bank to Orton in Morocco and right up to the present day, what emerges from these experiences is a continuing motif of tourism, previously neglected or ignored-"a breathless book, a Grand Tour in and of itself" (Los Angeles Times).

Sultry Climates Metropolitan Museum of Art

En 2004, le président du Club Med Henri Giscard d'Estaing décide la montée en gamme de l'entreprise. Bilan de cette décision stratégique à travers les moments clés qui ont marqué la révolution du club : inauguration de nouveaux villages, publicité, lancement de l'université des talents, etc. Les grèves, les attentats et les événements qui ont menacé le projet sont évoqués.

Mass tourism is one of the most striking developments in postwar western societies, involving economic, social, cultural, and anthropological factors. For many countries it has become a significant, if not the primary, source of income for the resident population. The Mediterranean basin, which has long been a very popular destination, is explored here in the first study to scrutinize the region as a whole and over a long period of time. In particular, it investigates the area's economic and social networks directly involved in tourism, which includes examining the most popular spots that attract tourists and the crucial actors, such as hotel entrepreneurs, travel agencies, charter companies, and companies developing seaside resort networks. This important volume presents a fascinating picture of the economics of tourism in one of the world's most visited destinations.

Dictionary Catalog of the Research Libraries of the New York Public Library, 1911-1971 Pepper Winters

Le paysage imaginaire français s'est profondément remodelé en une dizaine d'années avec l'arrivée massive des héros de la performance : battants, entrepreneurs, aventuriers, sportifs, chômeurs créant leur propre entreprise ont fait une telle percée sur la scène publique qu'il n'est pas incongru de

parler d'un véritable culte de la performance. Les mouvements sociaux n'ont-ils pas laissé la place aux gagners, le confort à la suractivité et les anciennes passions politiques aux charmes rudes de la concurrence ? Trois déplacements caractérisent ce culte. Les champions sportifs sont des symboles d'excellence sociale alors qu'ils étaient signe de l'arriération populaire. La consommation est un vecteur de réalisation personnelle alors qu'elle connotait auparavant aliénation et passivité. Le chef d'entreprise est devenu un modèle de conduite pour chacun alors qu'il était l'emblème de la domination des gros sur les petits. L'entreprise a désormais le premier rôle : elle est le nouveau réservoir des fictions françaises. Chaque individu doit conduire sa vie comme un vrai professionnel de la performance. L'entreprise serait la voie royale pour conquérir son autonomie, se repérer dans l'existence et définir son identité sociale. On nous enjoint de devenir les entrepreneurs de nos propres vies. L'auteur explore les mutations de sensibilité à l'oeuvre dans ces nouvelles mythologies françaises. Il décrit comment se modifient les moeurs d'une société, quand ses modèles politiques institués ne fournissent plus de solutions crédibles aux problèmes majeurs auxquels elle est confrontée et quand les utopies de la société idéale ont disparu.

Yet publication reviews aren't just beneficial for viewers. They also play an essential role in the posting sector, assisting writers and publishers promote their job and reach a larger target market. Favorable reviews can drive book sales and enhance an author's acknowledgment, while adverse evaluations can prompt essential revisions for future versions.

Based on the visual and textual evidence, this volume concentrates on the artistic, intellectual, religious, and socio-political importance of divine images as media of communication in the polytheistic cosmos of ancient Greece and Rome.

Essayez si vous etes un homme! Librairie Académique Perrin

Delivering Health Care in America, Sixth Edition is the most current and comprehensive overview of the basic structures and operations of the U.S. health system—from its historical origins and resources, to its individual services, cost, and quality. Using a unique “systems” approach, the text brings together an extraordinary breadth of information into a highly accessible, easy-to-read resource that clarifies the complexities of health care organization and finance while presenting a solid overview of how the various components fit together. While the book maintains its basic structure and layout, the Sixth Edition is nonetheless the most substantive revision ever of this unique text. Because of its far-reaching scope, different aspects of the Affordable Care Act (ACA) are woven throughout all 14 chapters. The reader will find a gradual unfolding of this complex and cumbersome law so it can be slowly digested. Additionally, as U.S. health care can no longer remain isolated from globalization, the authors have added new global perspectives, which the readers will encounter in several chapters. Key Features: - Comprehensive coverage of the ACA and its impact on each aspect of the U.S. health care system woven throughout the book - New “ACA Takeaway” section in each chapter as well as a new Topical Reference Guide to the ACA at the front of the book - Updated tables and figures, current research findings, data from the 2010 census, updates on Healthy People 2020, and more - Detailed coverage of the U.S. health care system in straightforward, reader-friendly language that is appropriate for graduate and undergraduate courses alike

L'EXPANSION Calmann-Lévy

*Includes pictures of art depicting important people, places, and events. *Describes the different classes of Roman gladiators and the armor and weaponry they used. *Describes gladiatorial combat and the myths and misconceptions about the fight. *Includes footnotes and a bibliography for further reading. "He vows to endure to be burned, to be bound, to be beaten, and to be killed by the sword." - The gladiator's oath, according to Petronius in the Satyricon. Gladiators are somewhat synonymous with ancient Rome, and even thousands of years after they performed on the sands, when people are asked about Roman culture, many think about and refer to the bloody spectacles of men fighting to the death in the arena. Gladiatorial combat is often regarded as barbaric, and most find it very difficult to comprehend how people could have enjoyed watching something so violent, but nevertheless, the spectacle still intrigues and fascinates people today, whether in movies like *Gladiator* or television shows about Spartacus. Gladiatorial combat traces its origins back to the early Republican period from the 5th-3rd century B.C., but it's still unclear where these combats first appeared. Credit has been given to both the Etruscans in northern Italy and the Campanians in southern Italy, though the first recorded gladiatorial combat occurred in the 3rd century B.C. at the funeral of D. Junius Brutus Pera. His sons organized a combat between three different pairs of gladiators who fought at their father's grave, but exactly what these first gladiatorial combats were supposed to represent remains unclear. Some believe that the spilling of human blood was a way of offering a sacrifice to the dead, while others suggest that the contests themselves were a funeral offering in honor of the dead. Gladiatorial combat began in the Republican period and was associated with death and burial, but due to its popularity it became an organized form of entertainment in the Imperial Age, and even as the gladiators were considered low class, they were also admired, leading to some Roman men and women volunteering to become gladiators. Whatever the original role of gladiatorial combats, they thrilled Roman audiences for many centuries. Each match usually pitted one type of gladiator against a different type of gladiator, with each having their own kind of armor, weaponry and fighting style. For example, the retiarius was a gladiator that used a net, dagger and trident as his offensive weapons, while only wearing a protective guard over his left arm for protection. The retiarius would typically fight against the secutor, a gladiator armed with a sword, large shield, helmet and protective covering on his right arm and left leg. Therefore, a retiarius sacrificed armor for quickness in battle, while the secutor did the opposite. Although people often think of gladiators fighting to the death, the outcome of gladiatorial combats was not always fatal for one of the participants. If a gladiator fought well, the sponsor of the show could spare him, particularly if the crowd desired it. The fact that the outcome of matches was never the same and the crowd could help determine the result of the match certainly added to the Roman public's pleasure, making it a lot less surprising that such an abhorrent spectacle still fascinated the modern world. *The Roman Gladiators: The History and Legacy of Ancient Rome's Most Famous Warriors* examines the history of the gladiators and the games they participated in, explaining what life and death was like for the men who fought in Rome's most famous form of entertainment. Along with pictures depicting important people, places, and events, you will learn about gladiators like you never have before.

REVIEW OF CLUB MEDITERRANEE CATALOGUE LE TRIDENT N115 HIVER 1976 1977

- In a time in which responsible adults are encouraged to strictly adhere to high fiber-low fat diets, long work hours and serious workouts, Holland's essays seem delightfully sinful as she extolls the virtues of such pleasures as leisure time, red meat and martinis. The best way to read this book? On a Saturday morning, sipping coffee, when you should be working.

- "Theater" is my favorite W. Somerset Maugham's book. I have read it many times and remember it very vividly."Theater" is the story of Julia Lambert, the best and deservedly famous stage actress in England. On stage she is a true master of her craft, she is great in playing every possible human feeling and emotion. Off stage, however, she is not very happy with her handsome but not too bright husband; she does not have close relationship with her teenager son. At first, amused and touched by the adoration of a young fan, she eventually falls madly in love and lives through the real feelings and emotions that she was so great in playing on stage. How she deals with love, jealousy, anger, loneliness, aging - that's what "Theater" is about. She was able to take her revenge and punish her unfaithful lover, not only as a woman but what is more important, as an artist, and that was absolutely brilliant. Masterfully told story with delightful main character - talented, witty, charming, and very clever, "Theater" is an enjoyable, insightful, and honest portrait of a woman and an artist.4.5/5
