REVIEW OF SOLUTIONS FINANCIAL MARKETS AND INSTITUTIONS MISHKIN EAKINS

• I know that I should be all for expanding my literary horizons, and usually I am, but Camus' The Stranger is just downright boring. Sure, it made me think and that's great and all, but the story wasn't interesting to me in the least. The only reason I got a lot out of this book was because of the interesting class discussions that we had about different parts of the book. These discussions tended to drift away from the actual plot, which is one of the reasons that they could hold my attention more than the book could. Not to say that this book wasn't worth reading. It was a short book and it honestly made me think about my life and how I relate to the people around me. Also, since I was assigned to do the creative commentary on this book, I got more involved with it than some of the other members of my class. My creative commentary focused on the personality of the lead character, Mersault. He is compared to all of the other characters in the book who are flat and only there to bring out the absurdity in Mersault. This book also helped me to better understand existentialism. I had read works by both Camus and Kafka before, but this was the first one i truly understood. I think the class discussions may have played a role in that, because my teacher helped to explain the parts of the book that were unclear to us.

• One of the best books I have read in a long time. The books starts a little slow but picks up pace after the "murder". I don't want to give too much information away. But then nothing really happens in the book. This is more about how the guys feels or rather does not feel anything about everything happening around him. I am not veyr proud of it but I was able to relate to the character.
