Cleveland Williams The Secrets of Car Flipping is a very unique step by step guide that instructs on everything anyone would need to know for buying and selling used cars. This book teaches the reader where to find good used cars and alerts the reader of the dangers of buying from certain places, such as a car auction. Step by step, the reader will learn where to find cars, how to evaluate the condition of a car, how to determine how much the car is worth, and how to decide what one should pay for a car. This book is the ultimate guide for buying and selling used cars because it actually teaches the reader how to negotiate prices, gives the user sales strategies on how to get information from the seller about the car, and gives the reader tips on closing the deal. The second part of the book reverses this scenario and gives the reader step by step instructions on reselling the car and dressing the car for a buyer. The second part of the book also discusses how to advertise the car, deal with potential buyers, negotiate a price, and close the sale. This book has it all, and as a bonus, there are several secrets and tricks of the trade included. Along with giving the readers warning signs, I have also included things the reader should look for, dos and donts when buying and selling a car, and sample forms like a bill of sale. In Chapter 7 - Selecting Your Car, you'll narrow down the choices and select the car that fulfills your needs and your wants. Most car shoppers take a test drive. Do you know how to use four of your senses - hearing, sight, touch, and smell - to eliminate a "problem car?" Uncle Wally walks you through this critical step in Chapter 8 - Taking the Test Drive. You will learn how to determine a car's history and its current condition in Chapter 9 - Exploring a Car's Past and Present. Chapter 12- Car Insurance explains the types of coverage you need, and the best way to buy it. Chapter 13 - After the Purchase helps you take care of your new investment. From the author So, you're ready to buy a used car? Or at least you're thinking about it. Well, I'm your Uncle Wally, and I'm here to help. I've bought over a dozen cars over the last 40 years. Most people decide to buy a car, walk onto a car lot, and leave a few hours later with a huge debt and a vehicle that may or may not suit their needs. In Buying a Used Car - Uncle Wally's Guide, you'll walk a different path. Your car expenses - payments, maintenance, and insurance - will likely represent a significant monthly commitment. Buying a car is a major purchase for most of us, and we don't need to make a mistake. If we buy a bad meal, we just don't go back to the restaurant. If our vacation choice isn't fulfilling, we can make different plans next year. But when we buy a car, we're committing to a longer time frame. Because cars depreciate in value, mistakes can be

expensive. Returning a car after two months because it doesn't fit your needs can result in a real financial blow. I wish I could be there to help you in person. Because I can't, I decided to write this book. Drive safely, and be well, my friends.
