REVIEW OF ISO 18404 2015 METODE KUANTITATIF DALAM PROSES

- No matter what others said, I like Eragon (Inheritance Cycle). I know it sounds like Star Wars and Lord of the Rings, but well, I like them both so no surprise I like this one too. Good start for a series, good pace and nice story. Hope the next ones in the series keep to be this good.
- I usually like long books like this and the Harry Potter series. Fantasy and science fiction are also good in my opinion. So of course I wanted to read Eragon. I loved this book and recommend it to any one who likes fantasy or sci. fi. or even long books. Its a good story that kept my interest, I don't usually read books twice but this one I did read twice. So if you need a book to read this summer, this should be on your list. Not only that but first on your list. Read it, then buy the sequel this August called ELDEST.
