## REVIEW OF TSI ASSESSMENT STUDY GUIDE

- This book is not on my list of books i like, actually its on the list of books i would like...to destroy. This book is great and original, NOT. Wow weve seen this load of crap over and over before. BLAH BLAH, this book is extremely boring, even though it has a message, it is not worth it. I enjoy books like The odyessy, and I am currently reading hitchikers guide to the galaxy, i even dont mind shakespeare (sometimes they can be dry), so dont judge me as a ignorant highschooler, Even though it is what I am. Seriously, STOP PRETENDING THIS IS SUCH AN AMAZING BOOK. It is not, period. Hawthorne has a peculiar cliché way of writing and im sick of it. If you

ever are forced to read this book...dont. How does Hawthorne write of puritan society when he didn't live through it. The reason so much of this junk is overlooked is because this is a "Classic". I dont see why its so classic, we have seen many other writers do this, and much better. This bok is a false antiquity, I mean Rappucinis daughter was not bad, but this is junk. This book is not nessisary to read. This same message is given in other, better books. This book is boring. And if you disagree with me then you are wrong.

- On first glance, such a slim volume would seem to be something you could read quickly. Not so! The turgid and heavy prose is over-ornamented and

complicated by ye olde New England Puritan syntax.I suspect that even when it was written Hawthornes prose was never accessible, and in the modern context it is so far from spoken english that reading it is like wading through treacle. It is sweet, cloying and ultimately sickening.The underlying story is simple, a universal enough theme to span the ages, and could easily be rewritten well into the modern context.It is never easy to be harsh with a book that is listed as a "classic" but in this case I feel I must be truthful about it. This is not an easy nor an enjoyable read. It is hard work. To be oxymoronic I suppose it is the heaviest light read and the fattest slim book I have encountered.Read it at your peril!
