We hope this short article has actually influenced you to check out Pulsation In Architecture, connect with fellow visitors, and create your own evaluations. Happy analysis!

REVIEW OF PULSATION IN ARCHITECTURE

- I've read this book and the first sequel, and was extremely disappointed with both. Brokaw is a poor writer, and a lousy editor. Although there are undoubtedly great stories to be told

here, Brokaw manages to reduce the life stories of the greatest generation to tedium. It just isn't worth wading through the muck for the occasional nugget of good story. As a gift for someone of the WWII generation, this book might make sense. Otherwise, a person's time would be better spent by reading a WWII book from someone else. Or perhaps by watching "Saving Private Ryan" again. Skip this loser, and the loser sequel. There are better choices out there.

- Every American should read this book, it tells what duty, loyalty, love, honor, service and country are all about. Men and women died & suffered to give Americans what they have today, its time to salute the flag again, not burn it. Be thankful for what we have and PROTECT IT, without young men & women & their courage that this book depicts, it could all be so easily lost.
