REVIEW OF CALCULUS EARLY TRANSCENDENTALS 2ND EDITION SOLUTIONS

- I would stay up til 1:00 am on school nights reading this book! The characters were interesting, and sounded like people I would love to meet! When Kit helped Hannah escape I was amazed that she

did that! When Mathew stood up for Kit I could tell that he really did love her even though he never really showed it. The whole story was good! I liked the way Kit amazed the people on the boat when she jumped over board to get the little girl's doll. I think beginning, middle, and end were all well done. I would recommend this book to every one! I consider this one of the best books of the century

- My daughter had to read this book for school and I read it also to help her with her book report. I was honestly surprised by how much I enjoyed reading this historical fiction. The main character of the book travels to the United States to live with a maternal aunt and her husband after her grandfather who raised her dies. She is accused of being a witch because she knows how to swim well and because she befriends an elderly woman who lives by Blackbird Pond. It is a story of romance, of forgiveness and of family bonding. I would suggest this book to both young and older readers alike.
