REVIEW OF SAWYERS INTERNAL AUDITING THE PRACTICE OF MODERN INTERNAL AUDITING FOURTH EDITION

- A Novel that takes back in time, you will laugh and cry thoroughly enjoy this love story set in another era & country.
- possibly the worst book I have ever read...her history is not good-being English the term "Pa will paddle my backside" is not really something that a modern English person would say let alone someone supposedly born in the reign of King Richard. It just grated so badly that the rest of it left me cold, I love historical romances/fiction but please make some effort to get the time period even remotely correct!
