REVIEW OF CONSUMER BEHAVIOR BUYING HAVING

AND BEING 12TH EDITION

- I read this entire series and have never read high adventure written so well! A must for all people who feel they are science fiction or fantasy enthusiasts. The first three books are the best of this superior series.
- I recently read Fromm's The Art of Loving for the second time, the first time was for a paper in college. All I can say is Fromm's words are though provoking and even life changing. His discussion of real love (based on care, respect, responsibility and knowledge) vs. falling in love or being in love which, in Fromm's words is only a temporary euphoric state based not on love, but on curing one's loneliness speaks to love as the answer for human existence. From sees love not as something that just happens, but rather as an art that must be crafted.
