The last three decades have seen the emergence of Construction Grammar as a major research paradigm in linguistics. At the same time, very few researchers have taken a constructionist perspective on language contact phenomena. This volume brings together, for the first time, a broad range of original contributions providing insights into language contact phenomena from a constructionist perspective. Focusing primarily on Germanic languages, the papers in this volume demonstrate how the notion of construction can be fruitfully applied to investigate how a range of different language contact phenomena can be systematically analyzed from the perspectives of both form and meaning.

This report considers the biological and behavioral mechanisms that may underlie the pathogenicity of tobacco smoke. Many Surgeon General's reports have considered research findings on mechanisms in assessing the biological plausibility of associations observed in epidemiologic studies. Mechanisms of disease are important because they may provide plausibility, which is one of the guideline criteria for assessing evidence on causation. This report specifically reviews the evidence on the potential mechanisms by which smoking causes diseases and considers whether a mechanism is likely to be operative in the production of human disease by tobacco smoke. This evidence is relevant to understanding how smoking causes disease, to identifying those who may be particularly susceptible, and to assessing the potential risks of tobacco products.

Jenna Fischer's Hollywood journey began at the age of 22 when she moved to Los Angeles from her hometown of St. Louis. With a theater degree in hand, she was determined, she was confident, she was ready to work hard. So, what could go wrong? Uh, basically everything. The path to being a professional actor was so much more vast and competitive than she'd imagined. It would be eight long years before she landed her iconic role on *The Office*, nearly a decade of frustration, struggle, rejection and doubt. If only she'd had a handbook for the aspiring actor. Or, better yet, someone to show her the way—an established actor who could educate her about the business, manage her expectations, and reassure her in those moments of despair. Jenna wants to be that person for you. With amusing candor and wit, Fischer spells out the nuts and bolts of getting established in the profession, based on her own memorable and hilarious experiences. She tells you how to get the right headshot, what to look for in representation, and the importance of joining forces with other like-minded artists and creating your own work—invaluable advice personally acquired from her many years of struggle. She provides helpful hints on how to be gutsy and take risks, the tricks to good auditioning and callbacks, and how not to fall for certain scams (auditions in a guy's apartment are probably not legit—or at least not for the kind of part you're looking for!). Her inspiring, helpful guidance feels like a trusted friend who's made the journey, and has now returned to walk beside you, pointing out the pitfalls as you blaze your own path towards the life of a professional actor.

## REVIEW OF ENGLISH CXC PAST PAPER 2011

• I read this book while I was in a hospital waiting for surgery. The book was wonderful for taking my mind off of an anxious situation. The book is HILARIOUS...there is a spoof of the Zagat Restaurant Guide (dealing with the food at federal prisons), and a guide to the "7 Habits of Highly Effective Prisoners."

• ok, those of you who are giving this book good reviews are really just buying into sensationalism. look @ one important fact, jordan chandler DOESN'T speak to his family anymore!! and he hasn't spoken to any of them since he was 15!! why?? he didn't even show up for the trial...if he was truly molested, why didn't he want to put a criminal away?? why did jordan chandler leave the country?? and also, why is raymond chandler trying to sell his book NOW?? 12 years later?? you know why, he has absolute no contact with jordan who's the undeserved cash cow of his family, and raymond is just riding the tabloid book gravy train. and again, before you stereotype that all michael jackson fans are crazed lunatics...I'M not a person one who sets people up, I'M not a person who would conspire to make money off of someone unethically...I'M not someone who writes scathing and untrue tabloid books/stories just to make myself a star, I'M not a person who would celebrate if that other person was harrassed by law enforcement and again, last but not least...i may be a fan, but i'm not crazy. I and 200 million other people who have bought michael's jackson's albums since the beginning of his career...the one who IS crazy is someone who would do those above things i mentioned...and not have a guilty conscience over it.
