REVIEW OF COMPANY LAW QUESTION PAPERS

- I bought this book for one of the boys for a class at school. He needed to read it and the library did not have it in at the time. I ordered it and it was not expensive and it came in in a timely manner for the deadline. Thank you so much for a good job and taking time for my opinion. Brenda Starkey
- George Orwell has another hit. Animal Farm was only a glimpse at his intellectual genius. This story takes you on a carefully regulated emotional rollercoaster. You will go from intense shock to indignation for the characters involved. This small glimpse into what Orwell considered to be our inevitable future has left me with a strong sense of denial. Everything from the telescreen that watches your every move to the mere thought of a "thought Police" force gave me the shivers. There are several interesting implications for example the use of a term called "doublethink" which implies that people can hold two contradictory thoughts in their heads at the same time and believe them both to be true. Overall this book was an amazing piece of work, there was never a time that I put it down unless I had to. I would definitely recommend this to any person who wants to take their mind for a ride.
