REVIEW OF SOLAR STARFIRE

- The Mother Puzzle is a well-written and insightful book. Author Judith Schwartz opens herself up to the reader and shares her complex, innermost thoughts. Her extensive research into feminist literature and the personal interviews she conducted are admirable. She shows us how seriously she takes the responsibility of becoming a mother before she even embarks upon getting pregnant. Perhaps more women and men should consider with Schwartz's depth and concern how becoming a parent will affect them. I wish I had.
- This book could have been titled "The Spell song War, Part 2" due to the lack of any fresh plot direction. Again, the story of Anna and Defalk revolves around subduing rebellious lords and hostile neighbors, restructuring society, Anna's attraction to Jecks, and her inner turmoil over her lethal use of magic. By repeating the plot of the last book without providing a sense of an underlying purpose or direction, Modesitt reduces the series to a list of battles that prompts this reader to ask "so what?" Another disappointing aspect of this book was that after all the build-up about Anna's enemies and their drums, the actual confrontations were anti-climactic. Victory came too easily and quickly, even when Anna was caught off-guard. We did not see any protracted magical struggle or situation where Anna was overwhelmed, forced to retreat, and compelled to devise a new strategy. If Modesitt plans to continue this series, I hope he introduces some fresh elements. Sorry if this review appears twice, but Netscape crashed when I hit the submit button!
