REVIEW OF ECHO MANUAL 4TH EDITION

- A decent book of a varying topic field. Some articles go into a topic deeply, others just go skin deep. After reading it, I wished more topics had been covered in more depth. However, it would have made a bigger book. Enjoyable and recommended to the avid homebrewer.
- This is a nice compilation of articles however with recent advances in the art, science, and technology of homebrewing some of the articles are noticeably dated.
