## REVIEW OF JCB 25D SERVICE MANUAL

- This book is a true classic. The story remains relevant today...and I would think should enjoy a resurgence during the current craze for the dystopian. Bradbury imagines a future that seems imminently plausible. But, more than creating an interesting world, Bradbury captures your heart and soul. You

become emotionally involved in this story. You eagerly look forward to the next sentence. You wish there was more when you're done. Readable. Entertaining. Thought provoking. Everything you could ask for in a book.

- my 17 year old son and i both have read all of Jack's book. we think he is a great writer and always look forward to the next. this book was outstanding!!!! he just keeps getting better and better!
