## **REVIEW OF GOLF VII R LINE ANOMIY**

- This is an excellent book by Thomas as he thoroughly takes you through the process of purchasing an investment property. He provides a wealth of resources on nearly every aspect of investing by listing websites and addresses. His forms are great for providing you with an idea for approaching home owners. However, the tone of the letters are some what dismissive--but that's just my opinion. The only area that needs enhancing is providing one with an idea as to estimate value in the property. He

does not provide as much detail as others (i.e., Steve Berges "The Complete Guide to Real Estate Finance for Investment Properties"). With that said, it is an excellent resource and I highly recommend it.

- I found this book to have a lot of good information in it. Before reading this book, i didnt know which way i wanted to go with real estate investing. I would recommend this book to anyone that is serious about REI.
