Join our neighborhood today and begin your journey right into the globe of literature with easy downloads of all your preferred books like **Leonard Cohen Letras Traducidas Net!**

REVIEW OF LEONARD COHEN LETRAS TRADUCIDAS NET

• I liked *The Stranger*, although not quite enough to give it a five star rating. It's a short novel and the plot itself is quite simple. I suppose the reason that the novel doesn't warrant five stars (in my humble opinion) is that despite what one reviewer has written, I didn't find it to be especially haunting or challenging. And that's what I want from a literary novel. I want it to get under my skin. I want it to be thought-provoking and insightful and I didn't quite find that with *The Stranger* (at least not to the degree I would have liked). *The Stranger* is a fictionalized expression of Camus' philosophy of the absurd. The tale's hero Meursault (or anti-hero if you like) does not conform to societal norms. He lives in the present and is influenced almost exclusively by physical experiences rather than emotional ones. The novel essentially tells us that the choices we make in life are all equally irrelevant and that to try and make sense of the world is simply absurd. I'm

not saying that this exploration of absurdist philosophy isn't interesting (certainly it's more engaging than reading essays on the topic). It's just that it's pretty straight-forward. In the end, I was entertained by the novel which I found quite captivating. But it falls short of being truly great (in my mind at least) because it's a little too prescriptive and doesn't allow the reader to interpret the novel and find meaning from it for themselves. If I sound negative, that isn't my intent. I recommend the novel with a healthy enthusiasm. It's very good - it's just not exceptional (and in my opinion - neither haunting nor challenging).

• Everything in this book accords to its content and very message. Joseph Conrad's style, his sentence structure keeps in perfect beat with the events of the narrative. Despite contrary opinions, I hold that the lengthy sentences were the only way to deliver to the reader the full impact of what kind of man Jim was like; Conrad exposes every thought of the man and the emotion haunting it with terrific and horrifying truth. This book stirred and inspired the romantic side of me, and devastated me whenever I was forced to realize that it was all hopeless dreaming in the end. Above all, however, the very sense of honour (a virtue seemingly forgotten in today's culture, or perhaps only in America) in Jim gave me a universal truth and direction; this story of a man that is the truest of them all to himself is the most thought-invoking book I've ever read. To all who are thinking of picking this book up - It is a rich and orientaled lilac egg, with a treasure of meat inside that can only be described as ambrosia to the last great men. It is a voyage on the mysterious and endless sea of black waters; and once the voyage has been finished, the truth of men

will be held- if you're ready.
