### **REVIEW OF COMPORTAMIENTO ORGANIZACIONAL ROBBINS JUDGE**

- I found this book while going through my own divorce after 22 years of marriage, and I can honestly say it changed the trajectory of my life. Full of fear and rage, I imagine I would have unknowingly placed my children smack in the middle of the battle. Instead, Debbie walked me through an incredible step by step process that allowed healing and growth and the ability to help my girls through that painful time. Using the tools in this book, I was able to understand that I could choose my perspective about how this divorce would affect me, which in turn would affect my daughters. Without Debbie's book I don't think my ex and I would be friends today or be able to still spend time together (all four of us) as a family. This is a MUST read for anyone going through or considering a divorce.

- A 19th century anarchist is given a second chance at life at the end of a 20th century. The premise is inventive and I wanted to like this, but...I got only partway through this before putting it aside. Parts were nice, but the crude and socialistic aspects were too much. This is definitely not for teens.
