## REVIEW OF THE GHOST OF MARCHMONT HALL THE IMOGEN AND HUGH CROFT MYSTERIES SERIES BOOK 6

- I enjoyed reading this book! C. S. Lewis is such a wonderful thinker and expresses ideas in a way that can be understood. It's also the kind of book to you'll want to read again!
- With my SAT score using this book, I have gotten into schools I didn't think I had a chance of getting into. I have learned more from this book than I have learned in all my high school years. And I find I am even able to use the strategies and techniques in my coursework. I was grabbed by how exciting and interesting Gruber makes the material for the reader. And when you take the practice tests you can easily learn from any mistakes because the tests are all keyed to some great learning material. But don't take my word for this--all you have to do is pick up the book and see how studying for this SAT test can be so enjoyable and give you results you never dreamed of. Thank you, Dr. Gruber for such a great book--Your work should be required reading for everybody!
